4. INTRODUCTIONS AND SPECIAL PRESENTATIONS

a. Introduction of new Town of Clayton employee (s)

Mr. Tim Simpkins introduced Mr. Paul Valadka. He has been with the town since September as the new Fleet Services Supervisor. He is a native of New Jersey and has been in the field for approximately 27 years. Mr. Valadka thanked the Council for the opportunity to be part of the Clayton team. On behalf of the Town Council, Mayor Pro Tem Grannis welcomed Mr. Valadka.

Mr. Byron Poelman introduced Mr. Alex Vargas, who is the newest member of the Water & Sewer Operations Division of Public Works. He has sixteen years of active service with the United States Navy. Mr. Poelman thanked the Council and said he was honored to part of the Town of Clayton. On behalf of the Town Council, Mayor Pro Tem Grannis thanked Mr. Vargas for his service to our country and welcomed him to the Clayton team.

b. Presentation of Youth Art Month

Ms. Brenda Hill, who is a member of the Clayton Women’s Club, asked that January 2015 be proclaimed Youth Art Month.

c. Introduction of the first Miss Clayton Scholarship Beauty Pageant

Mr. Keith Branch was in attendance as a member of the committee of the Miss Capital City/Miss Clayton Scholarship

Pageant. Also present this evening were Mr. John Norris, who is the Executive Director of the committee and Kelly Glendenning, who is the current title holder of Miss Capital City.

Mr. Branch asked the Council for their stamp of approval on the Miss Clayton Scholarship Pageant and also hoped there might be an opportunity for future financial support from the town. Most importantly, Mr. Branch hoped the town would take ownership of the pageant.

Mr. Norris addressed the Council and provided background regarding the Miss America Pageant. To date the Miss America Organization has provided \$45,000,000 in scholarship funding. The national platform is the Children's Miracle Network.

Mr. Norris stated this will be the first Miss Clayton Pageant and that the Miss North Carolina State Executive Committee has given the stamp of approval for Miss Clayton to be a franchise. Mr. Norris stated that Miss Capital City has been operating for the past 5 years. He further stated two previous Miss Capital City winners were crowned at the Clayton Center. He complimented the staff at the Clayton Center.

Mr. Norris stated that Miss Clayton would be an ambassador for the Town and would be welcomed throughout the County, but would focus the majority of her time in Clayton. She would be available to visit schools and discuss her platform as well as the national platform. She would also be available to local merchants for ribbon cuttings as well as any type of speaking engagements or appearances.

Kelly Glendenning stated it was an honor to be at the Council meeting. She stated this pageant has completely changed her life. Kelly is currently a junior at UNC and studying journalism and mass communication.

Mr. Norris provided information about the Miss Clayton prize package. Currently there is \$1,000 committed to scholarship funding. It is hoped to have the support of local businesses and increase the scholarship fund. In addition to the scholarship, the Miss Clayton prize packages includes; the official crown, official sash, crown box, clothing allowance, official headshots, silver platter, a dozen roses, box of thank you cards as well as autograph pads. The structure of the

budget is approximately \$15,000-\$20,000. Sponsors are certainly welcomed.

Mr. Norris further stated that there is no intent to take anything away from the Miss Clayton High School. It is realized there is a rich tradition there. If anything they would like to partner with them and offer some type of prize package to their pageant.

d. Parks and Recreation Program Update

Mr. Larry Bailey stated he was pleased to be at the meeting to offer an update on programs that relate to some items adopted back at the March Council Retreat, as well as items being addressed in the Comprehensive Recreation Survey which was completed a year ago.

Mr. Bailey stated an item being focused on was regarding communication of existing programs. Mr. Bailey stated one of the most frustrating pieces information garnered from the public surveys was that many folks were asking for programs that were already being offered.

Mr. Matt Lorion spoke about the increased communication efforts, which includes additional distribution of brochures at area schools, specifically targeting kindergarten through 2nd grades, daycare centers, as well as apartment complexes.

Additionally, they have partnered with other town departments by offering each department their own page in the brochure. This included the Clayton Center and the Library. Brochures from the library were included in the Community Center and brochures from the Community Center were placed in the library.

Also Customer Service was provided with brochures to be given to any residents. Monthly newsletters are emailed to the membership base and hard copies of the newsletter are available at the Community Center.

Social media has been increased. Mr. Lorion stated while attending a recent Parks & Recreation conference, one of the topics discussed related to Facebook advertising. They have since tried this for the first time with the two Halloween events. They were able to reach out to 5,000 people. Everyone that attended the hayride was asked how they

heard about the event and the majority stated they saw it on Facebook.

Ms. Amy McClain provided information on new Nature Classes being offered. Over the summer an environmental educator was hired and she was able to come in during the summer camp program and work with the children to get them outside and learning about bugs, reptiles, amphibians and other animals.

This fall a monthly pre-school class is offered on Tuesday morning. Parents are able to drop their children off and the children have a 2-hour outside experience. Also being offered is an after-school nature program for elementary school children. There will also be a Night Out in Nature program, which will be held on Friday evenings. Another nature program being offered is a Family Fun in the Sunday, which is held during the afternoon hours.

With regard to Senior Programming several programs were added/continued that are designed specifically for those 55 and over. One of the exercise classes is so popular a second day was added to accommodate everyone interested in attending. Pickle Ball has grown into a three day a week program.

To date four senior day trips have been offered this year and all have been very successful. Trips have included the Durham Bull Game, Seagroves Pottery, NC Zoo and the State Fair. A December trip is planned for a Christmas play. Also offered this fall was a "How To" computer class and digital photography class. Both have been very popular.

Also continuing is the Senior Games. This year, Johnston County sent a record of 82 participants to the state competition, with a total of 55 medals being won.

Over 60% of participants in art classes are seniors and 1/3 of all participants in fitness and tennis classes are seniors and 1/4 of adult pottery students are seniors.

Mayor Pro Tem Grannis asked the number of folks being reached through email.

Mr. Lorion stated the membership data base is currently being used and that number is between 4,000 and 5,000.

Council Member Satterfield asked whether the increase that has been seen is due to the extended distribution of both brochures and Facebook.

Ms. McClain stated she believed special events particularly increase due to Facebook and fitness classes and pottery classes really increase after the brochures are distributed.

Mr. Lorion also added this basketball season has seen the largest participation. Spots have maxed out and there are people on the waiting list.

Mr. Bailey stated this is a work in progress and realizes everyone receives their information differently. He further stated he believed that the newly designed website will also be a great tool for additional exposure.

Mayor Pro Tem Michael Grannis thanked the entire Parks and Recreation team for all their work and commended them for all the opportunities being offered. He stated they do a phenomenal job.

5. ITEMS SCHEDULED FOR THE REGULAR MEETING AGENDA

- a. Presentation of PSD 2014-106 for a major modification to existing platted subdivision to increase the density at Oxford Hills**

Mr. David DeYoung presented an overview of PSD 2014-106. The applicant is requesting approval for a major modification to an existing platted subdivision to increase the density. Specifically, the applicant is requesting to increase the density by dividing one 1.4 acre lot into two lots. It is located in a Residential Estate zoning district, which now has a 30,000 square foot minimum for lots that have water and septic. This location is within the Oxford Hills Subdivision, off of Corbett Road and south of 70 Bypass. The lot has both water and sewer. The overall Oxford Hills Subdivision was approved in two phases, the first being in 1988 and the second in 1998. The UDC required a 40,000 square foot for lots with water and sewer; however that was recently changed. Prior to the change this applicant did go before the Board of Adjustment for a variance. This happened in January of 2014, however, it was denied for not meeting two of the four findings of fact.

The average lot size of the existing 51 lots in Oxford Hills is 1.4 acres and the smallest is .86 acres and the largest lot is 2.89 acres. This request would increase the subdivision from 51 to 52 lots and the split of this one lot would create two lots at .69 acres each. These two lots would be the smallest lots in the subdivision. The existing density is 1.548 acres and the proposed density would be 1.518 acres. The applicant would have to get the sewer permit for the second lot.

The proposed lot sizes are not consistent with Oxford Hills and surrounding neighborhoods which generally support lot sizes closer to an acre. The code modification to allow 30,000 square lots was intended to allow flexibility for new developments not to retroactively go into existing subdivisions and create a free for all with subdivided lots.

Staff recommends denial on the basis that the subdivision will modify a well established developments pattern and create negative impacts on existing homeowners on existing homeowners within the subdivision. The Planning Board also recommends denial of PSD 2014-106, modification to Oxford Hills Subdivision.

Council Member Holder asked to see a diagram of the existing septic tank and discharge fuel to ensure it does not encroach onto proposed lot.

Mayor Pro Tem Grannis stated he feels it would be very important that the applicant ensure expert testimony to substantiate comments on the statement, since the Planning Board recommended denial based on one of the findings of fact not being met.

- b. Presentation of rezoning request RZ 2014-100 from R-10 to O-I at East Village Office Building located at Front Street Extension and Old NC 42 Highway East

Mr. DeYoung stated the applicant has requested to rezone 1.18 acres from Residential 10 (R-10) to Office-Institutional (O-I). This property is located at the northeast corner of the intersection of the Front Street Extension and Old NC 42 Highway East. The applicant is Bass, Nixon and Kennedy.

The property is within the town limits and the ETJ. There is a portion of the site that will have to go through the annexation process following the rezoning and site plan approval. It is

located within our watershed protection overlay, which has a maximum impervious surface allowance of 24%. The applicant has requested to increase that.

This property is part of the East Village development and planned development is to one side and Walden Woods is adjacent as well and commercial use is across the street.

Applicant has submitted the site plan which has gone in front of the Planning Board and is subject to approval of the rezoning by the Town Council.

An aerial map, current and proposed zoning maps were shown. Also provided was a proposed land use map.

Staff is recommending approval of the rezoning. Additionally, the Planning Board is recommending approval.

Mayor Pro Tem Grannis stated one of the plats indicated the property is actually separated by a road and asked if both pieces would be zoned O-1 as well as the size of the smaller piece of property.

Mr. DeYoung stated that was correct, both pieces would be zoned O-1. Mr. DeYoung stated he did have the exact size, but would provide that information.

- c. **Presentation of PSD 2014-113 for plat approval for Lions Gate Phases 1A and 1B located on the south side of Amelia Church Road and east of Middleton Street**

The applicant is requesting a preliminary subdivision plat approval for the major subdivision of Phases 1A and 1B in the Lions Gate Planned Development to allow 32- single family units. The area that the 32 units will be built has been designated for residential units.

The master plan was approved as Special Use Permit 2013-71 and the applicant is DC Adams Engineering. The size is 6.96 acres and the area is currently vacant but has been cleared to a large extent. All dimensional standards are consistent with the master plan. The lots sizes range from 0.1 to 0.3 acres.

All recreation requirements are in place. Riparian buffers are adjacent to portions and will be maintained according to the environmental requirements.

Street access will be provided via an extension of the existing Middleton Street.

The development is consistent with the Strategic Growth Plan and meets all requirements of the Unified Development Code and the applicant has completed all Findings of Fact.

Staff is recommending approval and the Planning Board is also recommending approval.

d. Presentation of text amendment of the Unified Development Code §155.202(B)(2) Table 2-1

Mr. DeYoung stated that Planning staff was asked to take a look at use regulations tables and verify that uses and requirements within the table were consistent.

A comprehensive look was undertaken and some items were discovered that needed updating.

Some of the updates include; some residential uses stated P/S which means permitted subject to a special use permit, However if they are subject to a special use permit they are not really permitted, so the P was removed to clarify.

There were some minor changes to recreation uses, indoor entertainment, and fitness center. Also minor changes were made to commercial changes. The most important change was to Video Sweepstakes Operation, which was previously allowed as Conditional Use in the B-1, B-2 and B-3 districts. An addition was Renewable Energy Facilities. Also a change was made to indicate that conditional use permitted in zone district if approved by the Board of Adjustment.

Mayor Pro Tem Grannis stated he met with Planning Director to discuss several areas he had some questions about. He advised he would like to speak with other council members about these issues prior to the next meeting. He further stated that this item might be deferred based on these discussion. Mayor Pro Tem confirmed with the Town Attorney that these types of discussions were allowed. Ms. Ross, Town Attorney, confirmed that since this was a legislative action, conversations could be had outside of the council meeting.

- e. **Presentation of request for Special Intensity Allocation at 1.18 acres site located at northeast corner of intersection of Front Street Extension and Old NC 42 Highway East**

Mr. DeYoung stated that Special Intensity Allocation is required pursuant to our Unified Development Code. Section 155.501.E4 allows Town Council to increase the intensity of certain properties within the Watershed Protection area. This property is within that area. Without a Special Intensity Allocation the lot is limited to a 24% impervious and with the allocation it goes up to 70% impervious.

The planned development at this location includes a 7,000 square foot building. With the building and parking areas the impervious surface area will go to 51%, which is substantially less than the 70% allowable.

Both Staff and Planning Board recommend approval.

6. ITEMS CONTINGENT FOR THE REGULAR MEETING

- a. **Warranty and dedication acceptances:**
- **Five year warranty acceptance for asphalt at RW AC, Phase 6D-2 (Alpine Valley)**
 - **One year warranty acceptance for public water, sewer, associated storm drainage utilities, and all related public utility easements at Apartments at Amelia Station (Interior Water & Sewer)**
 - **Five year warranty acceptance final lift of asphalt pavement at RWAC, Phases 2B, 2B-2, 2C, 2D, 2E, 2F and 2G.**
 - **One year warranty acceptance for public water, sewer, associated storm drainage utilities and all related easements at RWAC, Phase 6D-2 (Alpine Valley)**
 - **One year warranty acceptance for public water, sewer, associated storm drainage utilities and all related easements at Lions Gate Subdivision, Phase 3A & 3G**
 - **One year warranty acceptance for public water, sewer, associated storm drainage utilities and all related easements for RWAC, Ravens Ridge, Phase 2F-2**

Action: Place on December 1, 2014 Consent Agenda

b. **Review of proposed map delineating neighborhoods for planning purposes**

Mr. Steve Biggs offered information to bring the Council up to date with regard to this item which originated at the retreat. Within the past 12-18 months, it was noticed that a few small infill projects were representative of some of the first new investment dollars being spent in certain neighborhoods in quite a long time. These investment folks were engaged and it was learned their view that these investments were a small part of the revitalization neighborhoods. It was felt if attention could be given to some infrastructure needs in these areas; the investment would be greatly enhanced and would probably lead to further investments. The projects were looked at and found there was merit to those statements. We followed up with value based sidewalk replacements, and handicap ramps. And sure enough these neighborhoods are beginning to realize revitalization. This was discussed at the retreat, and from that retreat a high priority goal to promote re-urbanization, redevelopment and adaptive reviews to existing areas of town was adopted. This goal was considered and a strategy put together. A map was presented which will be used to organize this project. Neighborhood areas will be defined for redevelopment opportunities.

Each sub-area of Clayton was named and will be evaluated with regard to what infrastructure needs we think could be addressed that might be likely to encourage new and redevelopment and infill.

Additional updates will be provided to council with regard to plans for continued maintenance and improvement.

Mayor Pro Tem Grannis asked if a timeline was in place with regard to improvement completion.

Mr. Biggs stated currently there are some small spot jobs being completed; however, in terms of an ongoing effort the intent is to include this project in the 2015-20156Fiscal Year Budget proposal. Mr. Biggs further stated it is believed this will be a multi-year project, extending over a 5-10 year period.

7. ITEMS FOR DISCUSSION

8. OLD BUSINESS

a. Solid Waste Ordinance

Mr. Biggs offered an update on this item which was discussed a few months ago. The purpose of the project was to update the Solid Waste Ordinance which was last updated back in the late 1990's.

Added to Section 96.02 were, items (H) and (I) which address garbage recyclables and other household debris being limited to amount which can be placed within carts provided by the Town.

Other item discussed related to the handling of yard waste and ordinance regarding nuisance abatement code and action.

The desire is to have this adopted by the council with an effective date of January 1, 2015. Our Public Information Officer will be working with the public to make sure folks are aware of the amended ordinance.

Council Member Holder had some concerns regarding Section 96.02 (G). This section stated that "carts shall not be placed curbside before 5:00 p.m. on the day before the schedule collection day. The cart must then be moved from the curbside no than 8:00 a.m. on the weekday following the scheduled collection day. Any customer found to be in violation of this requirement may be subject to assessments or fines by the Town.

His concerns were regarding folks that might be going out of town and place their carts out to correspond with their schedule.

Mr. Biggs suggested a revision to include a full business day. Mr. Biggs stated that what is typically done is that folks are advised if they are in violation and if there are special circumstances we are reasonable. However, there are a number of areas where carts are habitually left curbside for a week at a time.

Council Member Thompson agreed there could be some tweaking to this section.

9. STAFF REPORTS

a. Town Manager

Mr. Biggs reports that the DuPont site remediation has been completed. A total of 243.36 tons of material were removed from the site.

Mr. Biggs reported that letters to residents along Blanche street letters were mailed. The letters provided information regarding what was being considered in the way of a limited parking zone.

Mr. Biggs advised he had executed a contract for traffic engineering analysis at Riverwood Schools based on the citizen input received.

- b. Town Attorney
- c. Town Clerk
 - Calendar of Events
 - Holiday Lunch - December 5, 2014
 - Planning Board meeting has been changed from November 24th to November 19th to help accommodate holiday travel.
- d. Other Staff
 - Public Information Officer Stacy Beard invited everyone to attend the celebration of GIS Day, which will be held on November 17, 2014. There will be displays, giveaways and Clayton HS science class will be there.
 - Ms. Beard stated there will be two events taking place on Saturday, December 6th. The Fire Department will be holding a controlled burn on Robertson Street and a Winter Race will take place downtown. Folks located near the controlled burn area will be notified. There will no conflict with the two events.
 - The new Town of Clayton website has been completely reconfigured and the launch date is December 9th. This will be a great new tool to help attract folks to Clayton and will also showcase Clayton. Mayor Pro Tem Grannis asked who would be managing the website. Ms. Beard will be the lead, with support of some key staff members and VC3.

10. OTHER BUSINESS

- a. Informal Discussion & Public Comment
- b. Council Comments

Council Member Satterfield asked if Front Street was still being looked at with reference to speed limit.

Mr. Biggs stated the last contact with the engineer was verbal, which was last week. Mr. Biggs will follow up to determine if written verification has been received.

Council Member Satterfield stated there is another issue he would like look at. He stated that when coming down Front Street approaching 42, when you go through the intersection there is one lane to the left and two lanes to the right. Is it possible to get the center lane made both a left and right? Council Member Satterfield stated traffic is stacking passed the intersection. Mr. Biggs stated he would ask the DOT to evaluate. This is their signal. He believes when this was set up it was based on a model and expectation of predominate turning action to the right when you came up on East Village. We are seeing that Front Street is certainly more of a connector road than just an access road and think is a need for two lane turn traffic.

11. ADJOURNMENT

With there being nothing further the meeting was adjourned at 7:53 PM.

West: Zoning: Residential Estate (R-E)
Existing Use: Single Family Residential

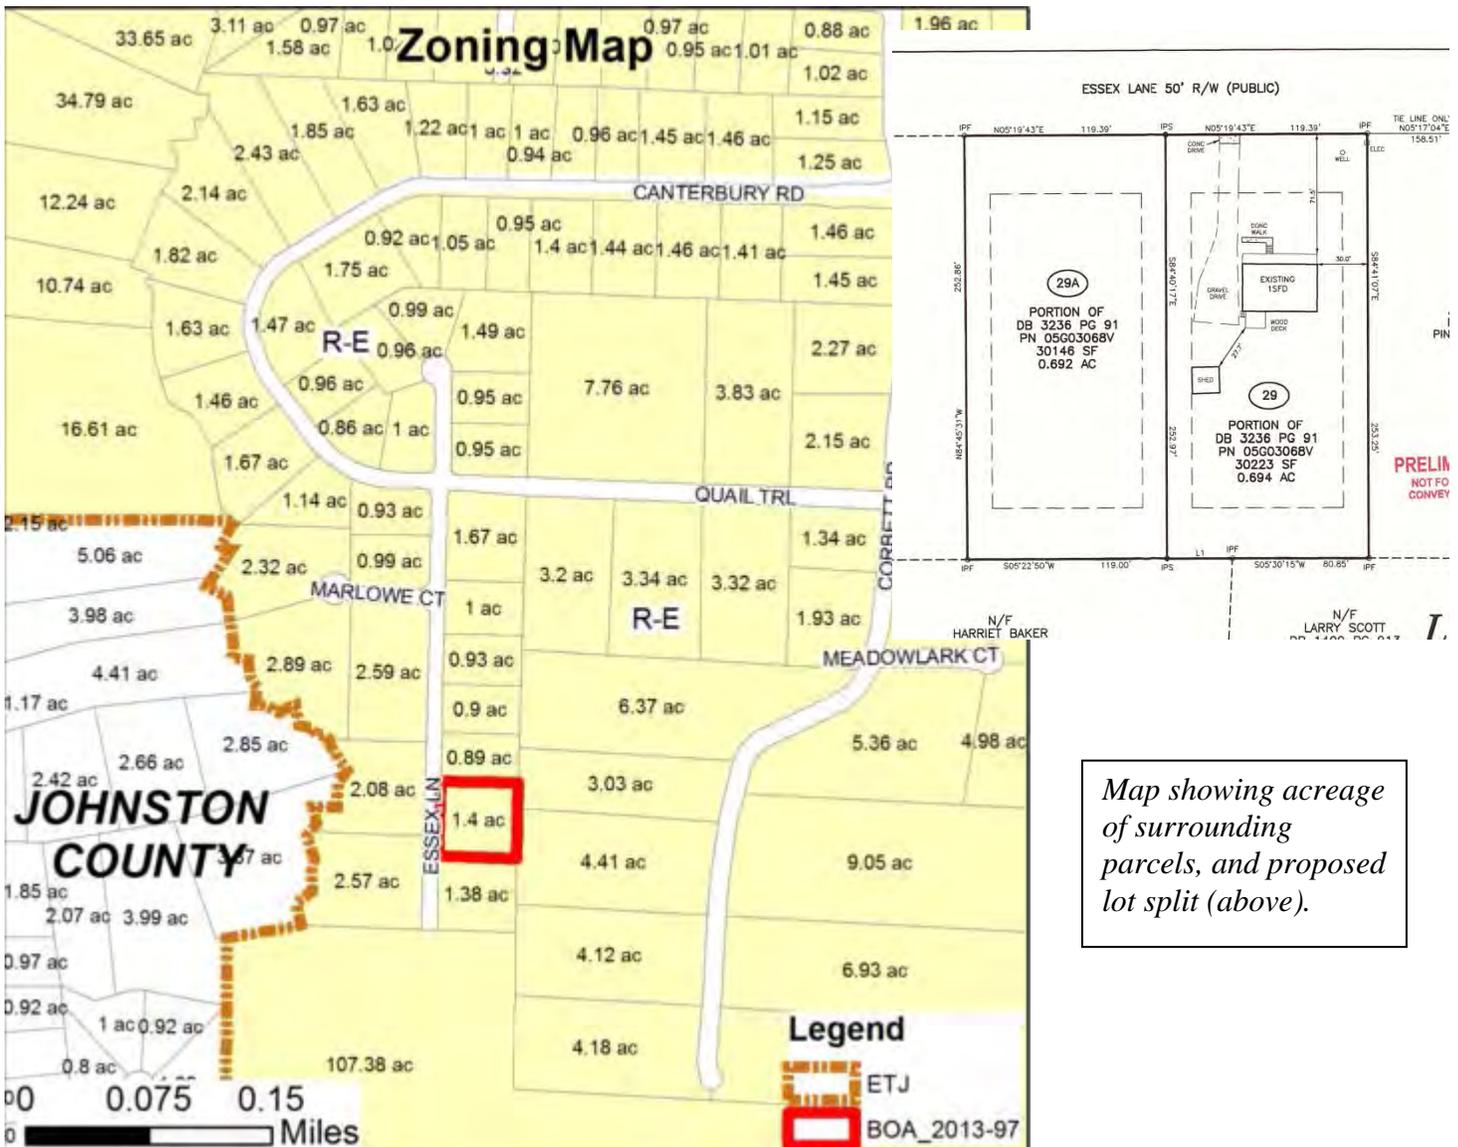

STAFF ANALYSIS AND COMMENTARY:

Overview

The applicant is requesting a major modification to an existing platted subdivision (Oxford Hills Subdivision) to increase the number of lots within the subdivision from 51 to 52 lots. The density increase would be achieved by splitting an existing lot into two lots, with the intent of construction of a new single family home on the newly formed lot. The new lot would be subject to all standards applicable to the existing subdivision. The two resulting lots would be 30,223 square feet (0.694 acre) and 30,146 square feet (0.692 acre). The lot is located at 220 S Essex Lane, Lot 29 of Oxford Hills subdivision in the Clayton ETJ, and is zoned Residential-Estate (R-E). Please see the attached preliminary plat showing the proposed lot split.

Data:

- The Oxford Hills subdivision contains a total of 51 lots (39 lots in Phase 1 and 12 lots in Phase 2).
- The average lot area of the existing 51 lots is 1.4 acres.
- The smallest existing lot in Oxford Hills is 0.86 acres (37,462 SF) and the largest is 2.89 acres (125,888 SF).
- The requested lot size resulting from the lot split would be 0.69 acres for each resulting lot (29 and 29A).
- The request would make the two new lots the two smallest lots in the subdivision, by approximately 7,300 SF each (0.17 acre). See the map below which shows the acreage of surrounding parcels.
- Existing Density: 1 unit per 1.548 acres (51 lots)
- Proposed Density: 1 unit per 1.518 acres (52 lots)
- The resulting density does not violate density standards of a minimum of one unit per acre required by the Unified Development Code for Residential-Estate zoning.

Map showing acreage of surrounding parcels, and proposed lot split (above).

According to the plats on record with Johnston County, Phase 1 of the Oxford Hills subdivision was approved in 1988 with Phase 2 following in 1990. At the time the subdivision was platted, it was located within the County’s jurisdiction. When Clayton’s ETJ was expanded, the land use jurisdiction for properties in the Oxford Hills subdivision became the Town’s responsibility.

In addition to Town approval, in order for a residential use to locate on the proposed second lot (lot 29A), a septic system must be approved by the County. The applicant has submitted a preliminary soils analysis map (attached) showing that there should be adequate space to locate a septic system based on the existing soils; however, this is a preliminary indicator and does not represent the County’s approval of the septic system at this location. The feasibility of a septic system on the site should not affect the decision to approve or deny the request.

The request to split the lot was originally heard as a variance request, BOA 2013-97, by the Board of Adjustment on January 15, 2014. The BOA denied the request after determining it did not meet two of the four required findings of fact. A variance was required at that time because pursuant to §155.203(G) of the Unified Development Code (UDC), lots with public water but no public sewer were required to be a minimum of 40,000

square feet. However, the Unified Development Code has since been modified by the Town Council to allow flexibility in lot size for developments with public water but not public sewer (with septic systems), allowing lot sizes to be as small as 30,000 square feet so long as the minimum density does not exceed one unit per acre. In this case the density of the subdivision would not exceed one unit per acre.

Consistency with the Strategic Growth Plan

The request is consistent with the Proposed Land Use Map of the Strategic Growth Plan, which indicates this area is “low density residential.” The existing subdivision meets this definition and the proposed density increase would not change this.

Consistency with the Unified Development Code

If the modification is approved by the Town Council, the lot subdivision would be consistent with the applicable requirements of the Unified Development Code (UDC). Individual lot development specifications including building placement, driveway placement, etc. will be required to meet all Town standards and be consistent with the provisions of the approved Oxford Hills Subdivision.

Compatibility with Surrounding Land Uses

The proposed lot sizes resulting from the lot split are inconsistent with those of the surrounding neighborhood. Oxford Hills Subdivision lot sizes currently range from 0.86 to 2.89 acres, and the two proposed lots are 0.69 acres each. As noted above, approval of the request would make the two new lots the two smallest lots in the subdivision, by almost two-tenths of an acre (approximately 7,300 SF each, or 0.17 acre).

As an established subdivision which is predominately built-out, the existing owners within the subdivision are entitled to some security that the existing land development pattern is not going to change significantly. Staff is concerned that approval of this subdivision may create the desire for other property to go through the same process, which will ultimately increase the density of the subdivision and create additional negative impacts for existing homeowners.

Landscaping and Buffering

No additional landscaping or buffering would be required if this request is approved.

Recreation and Open Space

No additional recreation and open space requirements would be triggered by this request, though Recreation Fees would be required for the new lot.

Environmental

No 100 year flood zones or floodways are found on the property according to FEMA maps available through Johnston County GIS. If the site has wetlands or other sensitive areas, proper permits must be approved from applicable agencies for any disturbance.

Septic System Placement

Any placement of a septic system to serve the new home would be required to be located on the same property as the associated home, and would require approval from the Johnston County Health Department. Approval of the lot split does not imply approval from the Johnston County Health Department or that a septic system can be placed on the property.

Signs

No signage is requested as part of this request.

Access/Streets

Access to the new lot would be provided off of South Essex Lane.

Architecture/Design

The request is not subject to any design standards.

Waivers/Deviations/Variances from Code Requirements

None.

CONSIDERATIONS:

- The applicant is requesting Preliminary Subdivision Plat approval to modify the existing platted Oxford Hills Subdivision.
- The Planning Board shall make a recommendation to the Town Council. Decision to approve or deny the request shall be by the Town Council.
- **Staff recommendation:** Staff is recommending denial on the basis that the subdivision will modify a well established development pattern and create negative impacts on existing homeowners within the subdivision.

FINDINGS:

The applicant has addressed the Major Subdivision Approval Criteria outlined in UDC Section 155.706. The applicant’s Findings of Fact are incorporated into the record as Attachment 1 of the Staff Report.

CONDITIONS:

If approved, staff recommends the following conditions be applied to the approval of the preliminary subdivision plan:

1. The final plat and subsequent development of the site shall be consistent with the specifications of the approved Preliminary Subdivision Plan. Modifications may require additional approvals pursuant to Section 155.706 of the Unified Development Code.
2. Final Plat approval shall be required for the lot subdivision.
3. Dimensional standards applicable to the new lot shall be consistent with those of the existing approved Oxford Hills Subdivision and shall be listed on the final plat.
4. All development fees shall be paid prior to final plat recordation, except that Capacity fees shall be paid prior to issuance of building permits.

PSD 2014-106 Modification to Oxford Hills Subdivision Plat

On October 27, 2014 the Planning Board heard the above-referenced request and made the following vote:

Recommendation to approve deny request #PSD 2014-106, modification to Oxford Hills Subdivision.

Recommendation(s) made this 27th day of October while in regular session.

Signed:

Frank Price, Planning Board Chair

APPLICANT STATEMENT - MAJOR SUBDIVISIONS ONLY

Section 155.706(I)(10) of the Unified Development Code requires that certain findings must be made by the Town Council before a Major Subdivision may be approved. Outline below (you may attach additional sheets) how the application addresses each of the following findings:

- (1) That the subdivision meets all required specifications of the town Subdivision Regulations and conforms to the town Unified Development Code.

THE NEW LOT CREATED, NOW THAT THERE IS COUNTY WATER AT THE LOT AND THE OWNER IS ABLE TO CONNECT TO COUNTY WATER, MEETS THE TOWN LOT SIZE LIMITS AND IS A VIABLE, RECORDABLE LOT IN THE TOWN.

- (2) That the subdivision will not be detrimental to the use or orderly development of other properties in the surrounding area and will not violate the character of existing standards for development of properties in the surrounding area.

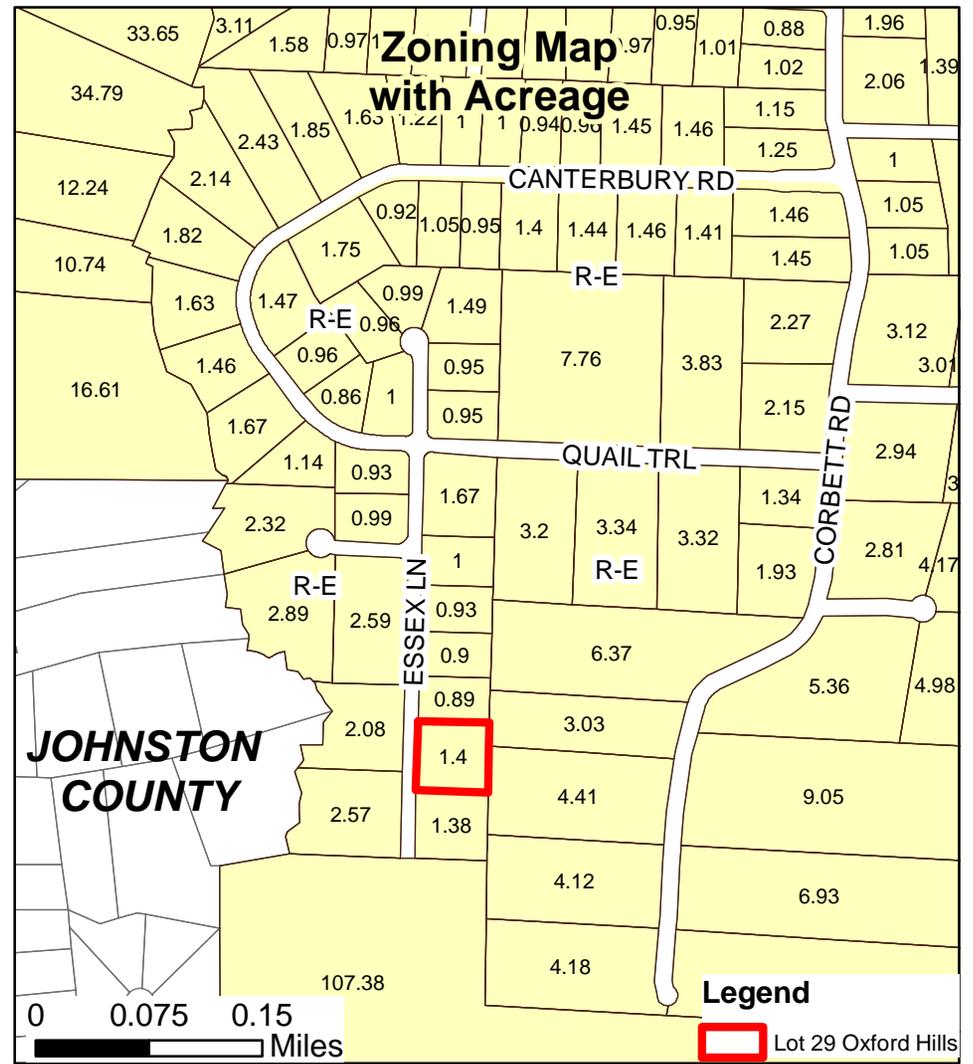

WHILE THE PROPOSED LOT, IN SIZE, IS SMALLER IN SIZE THAN EXISTING SURROUNDING LOTS, THE ROAD FRONTAGE IS COMPERABLE TO THE SURROUNDING DEVELOPMENT. OUR LOT MAY NOT BE DEEP, AND CONTAIN UNUSABLE LAND LIKE OTHERS, OUR ROAD FRONTAGE IS SIMILAR - THEREBY OUR LOT IS NOT OUT OF CHARACTER.

- (3) That the subdivision design will provide for the distribution of traffic in a manner that will avoid or mitigate congestion within the immediate area, will provide for the unified and orderly use of or extension of public infrastructure, and will not materially endanger the environment, public health, safety, or the general welfare.

BY ONLY DIVIDING AN EXISTING LOT WE ARE NOT AFFECTING TRAFFIC IN ANY WAY. THE NEW PROPOSED LOT IS AT THE END OF A DEAD END ROAD.

- (4) That the subdivision will not adversely affect the general plans for the orderly growth and development of the town and is consistent with the planning policies adopted by the Town Council.

THE NEW PROPOSED LOT IS LOCATED IN AN EXISTING SUBDIVISION AND THE LOT CHARACTERISTICS COMPLY WITH THE TOWN'S GUIDELINES.

SUBDIVISION APPLICATION

Pursuant to Article 7, Section 155.706 of the Unified Development Code, an owner of land within the jurisdiction of the Town (or a duly authorized agent) may petition the Town of Clayton to approve a Subdivision (major, minor, final plat, or exempt) application. Applicants seeking subdivision approval shall schedule a pre-application conference with the Planning Director in accordance with Section 155.702(A).

Subdivision applications must be accompanied by nine (9) sets of the application, nine (9) sets of required plans, an Owner's Consent Form (attached) and the application fee. The application fees are as follows:

- *Minor Subdivision: \$200.00 + \$5.00/lot.*
- *Major Subdivision: \$400.00 + \$5.00/lot.*
- *Open Space Subdivision = \$700.00 + \$5.00/acre.*
- *Final Plat: \$250.00 + \$5.00/lot.*
- *Exempt Map/Recombination: \$100.00.*

All fees are due when the application is submitted. Please note that Section 155.702(B) of the Unified Development Code requires a Neighborhood Meeting for all Major Subdivision applications.

TOWN OF CLAYTON
MOTION GRANTING SUBDIVISION APPROVALS
SHORT FORM

Motion:

Based on the substantial and competent evidence and testimony presented to the Town Council on this matter, the Council finds and concludes that Subdivision Application PSD 2014-106, (subject to the conditions recommended by the Planning Board and Planning Staff and with full incorporation of all statements and agreements entered into the record by the testimony of the applicant and applicant's representatives):

- (1) That the subdivision meets all required specifications of the Town Unified Development Ordinance;
- (2) That the subdivision will not be detrimental to the use or orderly development of other properties in the surrounding area and will not violate the character of existing standards for development of properties in the surrounding area;
- (3) That the subdivision design will provide for the distribution of traffic in a manner that will avoid or mitigate congestion within the immediate area, will provide for the unified and orderly use of or extension of public infrastructure, and will not materially endanger the environment, public health, safety, or the general welfare; and
- (4) That the subdivision will not adversely affect the general plans for the orderly growth and development of the town and is consistent with the planning policies adopted by the Town Council.

Duly adopted by the Clayton Town Council this 1st day of December, 2014.

Jody L. McLeod
Mayor

STAFF ANALYSIS AND COMMENTARY:

Overview

The applicant is requesting approval for rezoning of the subject property from Residential-10 (R-10) to Office Institutional (O-I). The request includes one parcel totaling 1.18 acres.

While the site is bordered by residential on three sides, it sits on a newly extended road, East Front Street, which has recently been extended to pass from NC 42 Hwy E into Downtown. Further, it sits opposite from a gas station/convenience store at the same intersection, and further along East Front Street properties have been zoned commercial to allow for future commercial development. Thus, it could be expected that this property would be rezoned to a commercial use given the increased traffic volume and surrounding uses.

The applicant has submitted a separate site plan request to allow an office building at the site with “General Office” uses, if this rezoning is approved. However, any uses permitted in the O-I zoning district would be permitted if the site is rezoned to O-I. Please see the attached list of uses permitted in the O-I zoning district.

Compatibility with Surrounding Land Uses

The property is currently a single family residential lot with a home that has sat vacant since the property was purchased. With the recent completion of the East Front Street extension, which runs in front of this property, the amount of traffic passing by this home has increased dramatically. The property is kitty-corner to a gas station / convenience store and so there is a precedence of commercial uses in the immediate vicinity. A traffic signal was recently installed where the East Front Street extension intersects with NC 42 Hwy E, creating safer passage to the property.

With the enhanced accessibility and visibility of the site, it is now better suited for commercial uses. While surrounded on three sides by residential uses, a Class C buffer is required to shield these uses from view of a commercial site and associated traffic. As noted, this intersection is quite heavily travelled, with traffic expected to increase as more development occurs along the new Front Street Extension and so conversion to a commercial site is not expected to bring new traffic to an otherwise residential area.

Access/Streets:

The property fronts on and is accessed from East Front Street.

Consistency with the Strategic Growth Plan

The request is consistent with the following objectives of the Strategic Growth Plan:

- Objective 2.1 - Balanced Development/Investment, Old & New: *Encourage development in satellite areas and along corridors as well as infill and reuse of existing commercial buildings.*

The request is not consistent with the Proposed Land Use Map. However, staff feels that with the orientation of the site and its location at a well-traveled intersection, this site is different than other existing single family residential sites in the immediate vicinity and the use of the site as commercial is appropriate for this site.

CONSIDERATIONS:

- The applicant is requesting a rezoning from R-10 to O-I.
 - Rezonings are decided by the Town Council. The Planning Board shall make a recommendation to the Town Council.
 - When adopting or rejecting the rezoning, the Town Council shall approve a statement describing whether its action is consistent with an adopted plans and policies of the town and explaining why the board considers the action taken to be reasonable and in the public interest.
-

STAFF RECOMMENDATION:

Staff is recommending approval of the rezoning.

PLANNING BOARD RECOMMENDATION: Approval (see attached written recommendation form).

REZONING APPLICATION

Pursuant to Article 7, Section 155.704 of the Unified Development Code, an owner of land within the jurisdiction of the Town (or a duly authorized agent) may petition the Town Council to amend the Official Zoning Map.

Rezoning applications must be accompanied by nine (9) sets of the application, nine (9) sets of required plans, an Owner's Consent Form (attached) and the application fee. The application fee is \$500.00 for a rezoning to a Standard District. A rezoning to a Planned Development District requires a fee of \$1,000.00 +\$5.00 per acre. All fees are due when the application is submitted.

If the rezoning request is to a Planned Development District, the application must be accompanied by a Major Site Plan application and associated fees.

Please note that Section 155.702(B) of the Unified Development Code requires a Neighborhood Meeting for all Rezoning Petitions.

REQUIRED PLANS AND SUPPLEMENTAL INFORMATION

The following items must accompany a rezoning application. This information is required to be present on all plans, except where otherwise noted:

- A signed and sealed boundary survey (**not more than a year old unless otherwise approved by the Planning Department**) with the azimuth or courses and distances of every property line shown. Distances shall be in feet or meters and decimals thereof. The number of decimal places shall be appropriate to the class of survey required. The survey must include any and all easements of record (referenced by Deed Book and Page) and must be prepared by a surveyor registered in the State of North Carolina.
- Property legal description typed (10 pt. font or greater) on an 8.5 inch by 11 inch paper with one inch margins. The legal description must also be submitted electronically in Microsoft Word format.
- A copy of the last recorded deed for the subject property.

JUSTIFICATION STATEMENT

Please provide detailed information concerning all requests. Attach additional sheets if necessary.
Request is to rezone the Parcel located at 313 NC Hwy 42, PIN: 1668.07-68-2584, from existing R-10 to O & I. The proposed use will be consistent with permitted uses in O & I zoning.

APPROVAL CRITERIA

All applications for a Rezoning must address the following findings:

1. Consistency with the adopted plans of the Town.

Although the Town's Strategic Growth Plan designates the property as residential on the proposed Land Use Plan, with the construction of Front Street Extension, the property is well suited for office use.

2. Suitability of the subject property for uses permitted by the current vs. the proposed district.

The property currently contains an existing single family house which is vacant and has been for some time. With the recent completion of E. Front Street Extension, the property is well suited for an office use. Sewer is now available with the recent construction on the East Village Pump Station.

3. Whether the proposed change tends to improve the balance of uses, or meets specific demand in the Town.

The property is located at the new gateway to the downtown business district. An office use is appropriate in this location and will help to meet special demands for quality office space in the Town, especially in the downtown business area.

4. The capacity of adequate public facilities and services including schools, roads, recreation facilities, wastewater treatment, potable water supply and stormwater drainage facilities is available for the proposed use.

Adequate public facilities exist to support the proposed office use. E. Front Street Extension has recently been completed to provide access to downtown and to Hwy. 42. A 20" water main has recently been installed within the Front Street Extension right-of-way. A sewer pump station has recently been completed in East Village which has adequate capacity for sewer requirements. Adequate storm drainage facilities have been constructed with E. Front Street Extension and East Village.

ADJACENT PROPERTY OWNERS LIST

Project Name: East Village Office

The following are all the persons, firms, or corporations owning property within 100 feet and immediately adjacent to the property (including across street rights of way) subject to this request. Where the subject property immediately adjoins a public or private right-of-way, landscape or riparian buffer, commonly-owned private area, public property, or homeowners' association property, then letters of notification shall be sent to adjoining property owners as if they directly abut the subject property. Please use a separate sheet if necessary

It is the responsibility of the applicant to correctly identify the current owner, based upon records in the Johnston County GIS Office, for all property owners of land within the required public notice radius.

NEIGHBORHOOD MEETING SUMMARY FORM

FILL OUT THE FOLLOWING:

Date of Mailing: October 3, 2014

I hereby attest that letters were mailed to the addresses listed on the Adjacent Property Owners List (attached):

Printed Name: Marty D. Bizzell, PE

Signature: 

Date of Meeting: October 15, 2014 Time of Meeting: 7:00 p.m.

Location of Meeting: The Arbors at East Village Clubhouse

Meeting Summary/Minutes: *provide a summary of the discussion held at the meeting, including issues raised and any changes made by the applicant as a result of the meeting.*

A neighborhood meeting was held at the Arbors Clubhouse on Wednesday, October 15th at 7:00pm.

Two property owners from the Walden Woods Subdivision attended.

Mr. Schimdt discussed the possibility of a 6'-8' berm to block site from his house. It was pointed out that the site currently proposes a 6' fence with landscaping along Mr. Schimdt's property line.

Mrs. Turl asked if a traffic light would be installed at the intersection of Old 42 & E. Front Street.

No traffic light is proposed at this time.

Neighbors asked about tenants for the building; currently tenants are undetermined.

Neighbor pointed out an error on adjoining property owner information on the site plan. Information has been corrected.

Neighbors asked about hours of operation; owner replied generally, 8:00am - 5:00pm.

Neighbors asked about stormwater runoff and Engineer stated runoff would be directed away from Mr. Schimdt's property.

Neighbor also requested changing all trees to Evergreen trees.

Email addresses were exchanged and Engineer is to email out site plan with corrected adjoining property information and proposed grading plan.

Please write clearly (or submit a typed summary), and use additional sheets if necessary.

ZONING AMENDMENT

CONSISTENCY AND REASONABLENESS STATEMENT

[RZ 2014-100, Rezoning of 1.14 acres from R-10 to O-I]

The Town Council of the Town of Clayton hereby states:

Section 1: The above referenced zoning amendment IS CONSISTENT with:

The Town of Clayton's Strategic Growth Plan, specifically:

- Objective 2.1: Balanced Development, Old and New

Section 2: Based upon information presented at the public hearings and by the applicant, and based upon the recommendations and detailed information developed by staff and the Planning Board contained in the staff report, and considering the criteria applicable sections of the Unified Development Code of the Town of Clayton, specifically **the compatibility of a commercial use at this site which due to recent roadway development of East Front Street has increased traffic and visibility**, the above referenced zoning amendment is reasonable and in the public interest.

COUNCIL MOTION SHEET
ZONING ORDINANCE AMENDMENT
(Rezoning Amendment)

Council motion to [approve/deny] Rezoning of 1.14 acres from R-10 to O-I **RZ #2014-100** and approve the Statement of Consistency and Reasonableness included in the Agenda packet.

**AN ORDINANCE AMENDING THE ZONING ORDINANCE
AND ZONING MAP
OF THE TOWN OF CLAYTON, NORTH CAROLINA**

WHEREAS a petition has been filed with the Town Council of the Town of Clayton requesting an amendment to the Zoning Ordinance and Zoning Map of the Town of Clayton to include in the O-I (Office and Institutional) zone the property described below, said property formerly being zoned R-10 (Residential-10); and

WHEREAS said property is owned by East Village Investments LLC; and

WHEREAS the Planning Board of the Town of Clayton has reviewed the proposed change(s) and made a recommendation thereupon; and

WHEREAS notice of a public hearing to consider the proposed change was published in accordance with law in the Clayton News Star, a local newspaper, as required by Section 155.702(D) of the Clayton Unified Development Code and by Section 160A-364 of the North Carolina General Statutes; and

WHEREAS a notice of the proposed zoning classification action was mailed to the owner(s) of the parcel(s) of land involved, as shown on the County Tax Listings, and to the owners of all parcels of land abutting that (those) parcel(s) of land and within 100 feet of the subject parcel(s) of land, as shown on the County Tax Listings, by depositing a copy of the same in the United States Mail, first class postage paid, as required by Section 155.702(D) of the Zoning Ordinance of the Town of Clayton and by Section 160A-384 of the General Statutes; and

WHEREAS the said public hearing was actually conducted at 6:30 p.m. on December 1, 2014, wherein a reasonable opportunity was given to all those in attendance to speak either in favor or against the said change or to make relevant comments;

THEREFORE, after duly considering the matter, THE TOWN COUNCIL OF THE TOWN OF CLAYTON DOES HEREBY ORDAIN:

SECTION 1. That the Unified Development Code of the Town of Clayton is hereby amended to include in the O-I (Office & Institutional) zone the following described property:

General Description:

Approximately 1.14 acres at the intersection of East Front Street and Old NC 42 Hwy E.

STAFF ANALYSIS AND COMMENTARY:

Overview

The applicant is requesting preliminary subdivision plat approval for Phases 1A and 1B as depicted on the approved LionsGate Master Plan (SUP 2013-71). The request is consistent with the approved Master Plan.

The applicant is requesting approval for a total of 32 single family residential lots on 6.96 acres, including 15 lots on 3.21 acres in phase 1A and 17 lots on 3.75 acres in phase 1B. Dimensional standards are consistent with those set as part of the Master Plan approval process:

LOT STANDARDS TABLE												
PHASE	UNIT TYPE	AREA (ACS)	# OF UNITS	MIN. LOT WIDTH (FT)	MIN. LOT DEPTH (FT)	MAX. IMPERVIOUS AREA PER LOT (SF)	SETBACKS				MIN. BLDG. SEPARATION (FT)	MAX. BLDG. HEIGHT (FT)
							FRONT (FT)	SIDE (FT)	REAR (FT)	STREET SIDE (FT)		
1A	SINGLE FAMILY	3.21	15	45	65	THE LESSER OF 86% OR 4000	12	5	5	8	10	40
1B	SINGLE FAMILY	3.75	17	45	65	THE LESSER OF 86% OR 4000	12	5	5	8	10	40
TOTALS		6.96	32									

Lots range from 0.1 acre (4,680 sf) to 0.3 acre (12,712 sf). The larger lots include a riparian buffer adjacent to an unnamed tributary of Little Creek.

Consistency with the Strategic Growth Plan

The request is consistent with the Strategic Growth Plan.

Consistency with Master Plan

The request will be consistent with the approved Master Plan (SUP 2013-71).

Consistency with the Unified Development Code

The proposed development is consistent with and meets the applicable requirements of the Unified Development Code (UDC). Individual lot development specifications including building placement, driveway placement, etc. will be required to meet all Town standards and be consistent with the provisions of the approved Master Plan.

Compatibility with Surrounding Land Uses

The proposed development is consistent with the density and patterns of the LionsGate Planned Development.

Landscaping and Buffering

Street trees shall be provided at a rate of one canopy tree per lot or one canopy tree per 40 linear feet (spaced a maximum of 50 feet apart). All trees shall be a minimum height of 8 feet at planting and 2.5 inch caliper. Location of trees shall be no less than 5 feet and no more than 15 feet from the back of the sidewalk.

Recreation and Open Space

Recreation and open space requirements have been met by the overall LionsGate Planned Development. Any required fees shall be paid at final plat.

Environmental

Resource conservation areas (stream buffers, 100-year flood zones) shall be identified on final plats.

While the UDC typically requires a 50 foot undisturbed buffer along all “blue line” streams, LionsGate originally received approval to meet the state minimum riparian buffer requirements, which include a 30 foot undisturbed buffer, and a 20 foot zone beyond that which allows for site grading (though no building).

Signs

No signage is requested as part of this request.

Access/Streets

Access will be provided via an extension of the existing Middleton Street. The length of the proposed Feldspar Lane is greater than that allowed by the UDC and so a looped road connecting to the future phases to the north of the site is required. Feldspar Lane will be a public right-of-way and will be dedicated to the Town.

Multi-Modal Access

Sidewalks are provided along both sides of the street and will extend fully around the cul-de-sac (and eventually along both sides of the connecting roadway to the north of the site). The 10 foot multi-use pathway is shown extending along the beginning section of Feldspar Lane off of Middleton Street; in this area a sidewalk will be located on the south side of the street, with the 10 foot path on the north side until it spurs off to the north, connecting into the future greenway shown along Amelia Church Rd. A second spur is shown to the east of the

site off of Amelia Church Road; this will be developed as part of Phase 7D and will connect into the future Phase 2D roadway

Architecture/Design

No architectural standards apply to this development.

Waivers/Deviations/Variations from Code Requirements

None. The cul-de-sac exceeds allowed length but this will be resolved with future roadway construction for phases to the north.

CONSIDERATIONS:

- The applicant is requesting Preliminary Subdivision Plat approval for Phases 1A and 1B.
 - The request is consistent with the approved LionsGate Master Plan, SUP 2013-71.
 - The Planning Board shall make a recommendation to the Town Council.
 - Final approval decision of the preliminary plat shall be made by the Town Council.
-

FINDINGS:

The applicant has addressed the Major Subdivision Approval Criteria outlined in UDC Section 155.706. The applicant’s Findings of Fact are incorporated into the record an attachment of the Staff Report.

CONDITIONS:

If approved, staff recommends the following conditions be applied to the approval of the preliminary subdivision plan:

1. The development is subject to all conditions of the approved LionsGate Planned Development Master Plan.
2. Following Board approvals, three copies of the Preliminary Subdivision Plan meeting the requirements of the Conditions of Approval shall be submitted to Planning Department for final approval.
3. The development of the site is limited to the site design and uses approved by the Town Council. Modifications to the approved Preliminary Plat shall require review and approval in accordance with Section 155.706 of the Unified Development Code.
4. Development fees shall be paid prior to Final Plat approval for each phase.
5. The connection of the cul-de-sac to the roadway associated with future phase 7A-7D is required.
6. Five foot wide sidewalks shall be installed on both sides of the road and shall be constructed or bonded prior to plat recordation for the associated phase.
7. The multi-use path / greenway shown connecting from the future path along Amelia Church Road to future Phase 2D shall be constructed or bonded prior to the platting of Phase 7D.

8. All development fees shall be paid prior to final plat recordation, except that Capacity fees shall be paid prior to issuance of building permits.
9. The review and approval of project water, sewer, storm drainage and street construction drawings is a separate process. Two sets of these drawings must be submitted for approval to Public Works Department when they become available.
10. Riparian Buffers within phase 1A and 1B shall be subject to minimum state requirements.

PSD 2014-113 LionsGate Phase 1A & 1B

On October 27, 2014 the Planning Board heard the above-referenced request and made the following vote:

Recommendation to approve deny PSD 2014-113 with the conditions recommended by staff.

Recommendation(s) made this 27th day of October while in regular session.

Signed:

Frank Price, Planning Board Chair

APPLICANT STATEMENT – MAJOR SUBDIVISIONS ONLY

Section 155.706(I)(10) of the Unified Development Code requires that certain findings must be made by the Town Council before a Major Subdivision may be approved. Outline below (you may attach additional sheets) how the application addresses each of the following findings:

- (1) That the subdivision meets all required specifications of the town Subdivision Regulations and conforms to the town Unified Development Code.

THIS SUBDIVISION MEETS ALL APPLICABLE REGULATIONS AND CONFORMS TO THE UDC. FURTHERMORE, THIS SUBDIVISION IS CONSISTENT WITH ALL REQUIREMENTS SET ASIDE BY THE APPROVED MASTER PLAN

- (2) That the subdivision will not be detrimental to the use or orderly development of other properties in the surrounding area and will not violate the character of existing standards for development of properties in the surrounding area.

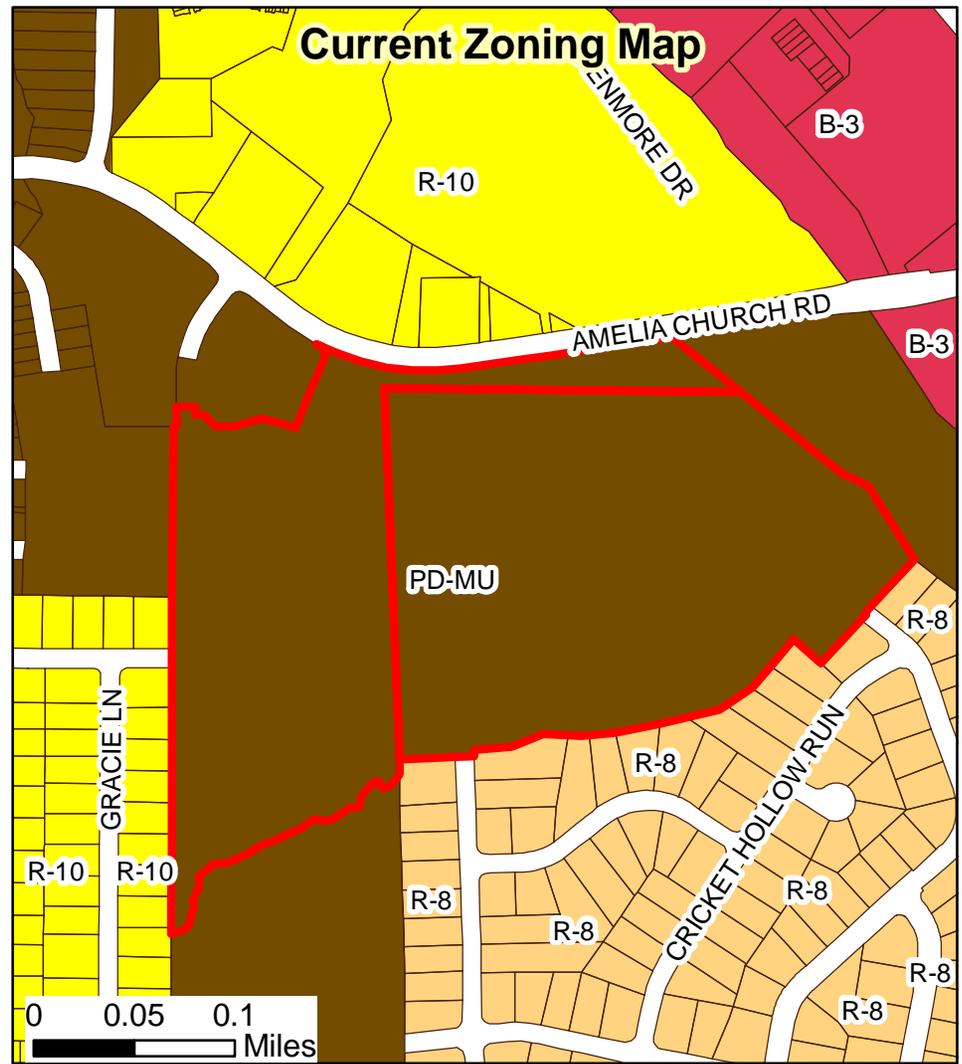

THE SUBDIVISION DESIGN IS SUCH THAT IT WILL BE BENEFICIAL TO ORDERLY DEVELOPMENT ON ADJACENT TRACTS. THIS DEVELOPMENT WILL ADD TO THE TOWN'S GREENWAY TRAIL SYSTEM AND IMPROVE WALKABILITY WITHIN THE CITY LIMITS.

- (3) That the subdivision design will provide for the distribution of traffic in a manner that will avoid or mitigate congestion within the immediate area, will provide for the unified and orderly use of or extension of public infrastructure, and will not materially endanger the environment, public health, safety, or the general welfare.

THE SUBDIVISION IS DESIGNED TO PROVIDE PROPER TRAFFIC FLOW WITHIN THE NEIGHBORHOOD AND PROVIDES APPROPRIATE CONNECTIONS TO THE EXISTING STREET SYSTEM FOR SAFE INGRESS & EGRESS.

- (4) That the subdivision will not adversely affect the general plans for the orderly growth and development of the town and is consistent with the planning policies adopted by the Town Council.

THIS SUBDIVISION IS CONSISTENT WITH THE ORDERLY GROWTH AND DEVELOPMENT PATTERN IN THE TOWN.

SUBDIVISION APPLICATION

Pursuant to Article 7, Section 155.706 of the Unified Development Code, an owner of land within the jurisdiction of the Town (or a duly authorized agent) may petition the Town of Clayton to approve a Subdivision (major, minor, final plat, or exempt) application. Applicants seeking subdivision approval shall schedule a pre-application conference with the Planning Director in accordance with Section 155.702(A).

Subdivision applications must be accompanied by nine (9) sets of the application, nine (9) sets of required plans, an Owner's Consent Form (attached) and the application fee. The application fees are as follows:

- *Minor Subdivision: \$200.00 + \$5.00/lot.*
- *Major Subdivision: \$400.00 + \$5.00/lot.*
- *Open Space Subdivision = \$700.00 + \$5.00/acre.*
- *Final Plat: \$250.00 + \$5.00/lot.*
- *Exempt Map/Recombination: \$100.00.*

All fees are due when the application is submitted. Please note that Section 155.702(B) of the Unified Development Code requires a Neighborhood Meeting for all Major Subdivision applications.

TOWN OF CLAYTON
MOTION GRANTING SUBDIVISION APPROVALS
SHORT FORM

Motion:

Based on the substantial and competent evidence and testimony presented to the Town Council on this matter, the Council finds and concludes that Subdivision Application PSD 2014-113, (subject to the conditions recommended by the Planning Board and Planning Staff and with full incorporation of all statements and agreements entered into the record by the testimony of the applicant and applicant's representatives):

- (1) That the subdivision meets all required specifications of the Town Unified Development Ordinance;
- (2) That the subdivision will not be detrimental to the use or orderly development of other properties in the surrounding area and will not violate the character of existing standards for development of properties in the surrounding area;
- (3) That the subdivision design will provide for the distribution of traffic in a manner that will avoid or mitigate congestion within the immediate area, will provide for the unified and orderly use of or extension of public infrastructure, and will not materially endanger the environment, public health, safety, or the general welfare; and
- (4) That the subdivision will not adversely affect the general plans for the orderly growth and development of the town and is consistent with the planning policies adopted by the Town Council.

Duly adopted by the Clayton Town Council this 1st day of December, 2014.

Jody L. McLeod
Mayor

Attest:

Kimberly A. Moffett, CMC
Town Clerk

TOWN OF CLAYTON
ZONING AMENDMENT
CONSISTENCY AND REASONABLENESS STATEMENT
TEXT AMENDMENT

Unified Development Code §155.202(B)(2), Table 2-1 “Use Regulations”

The Town Council of the Town of Clayton hereby states:

Section 1: The above referenced zoning amendment IS CONSISTENT with:

The Town of Clayton’s Strategic Growth Plan, specifically:

- Objective 2.1: Balanced Development: Old and New
- Objective 3.6: Encourage Redevelopment of Deteriorated Areas

Section 2: Based upon information presented at the public hearings and by the applicant, and based upon the recommendations and detailed information developed by staff and the Planning Board contained in the staff report, and considering the criteria applicable sections of the Unified Development Code of the Town of Clayton, specifically **the need to periodically update the Use Regulations table and the text of the Unified Development Code to reflect changing conditions within the Town and accommodate appropriate locations for various types of uses**, the above referenced zoning amendment is reasonable and in the public interest.

CHAPTER 96: SOLID WASTE MANAGEMENT

§96.00 DEFINITIONS

(A) Building Materials

Materials used in the construction of buildings or other structures.

(B) Cart

A movable plastic container issued by the Town which is to be used for the collection and disposal of solid waste.

(C) Debris

~~A collection of loose material made up of fragments or remnants of something naturally scattered, destroyed, or broken.~~

Accumulation of fallen leaves, limbs, or straw; uncontrolled growth of vines or brush; cuttings of weeds, bushes and trees; garbage; trash; junk; scattered remains of anything broken or destroyed; household furniture and appliances; by- products of any business or materials used in any business; any household waste; any other thing or material which may provide a hiding or breeding place for snakes or rats; or any other condition which may be a fire hazard, breeding place for mosquitoes, or which gives off obnoxious or offensive odors.

(D) Dumpster

A large volume solid waste container that has a hooking mechanism which allows it to be raised and dumped into a sanitation truck.

(E) Force Majeure

An extraordinary circumstance such as a calamitous natural event, that prevents regular delivery of services or requires special measures in the interest of public health and welfare.

(F) Garbage

Waste materials, excluding Yard Waste, that are generated by daily living including food scraps, non-recyclable packaging and other materials not otherwise suitable for recycling.

(G) Landlord

Any person, agent, firm, corporation, or partnership that has charge, care or control of any premises or property.

(H) Recyclable Material

Waste materials including but not limited to metals, glass, plastic and paper which are disposed of but intended for reuse.

(I) Solid Waste

Any garbage, debris or other discarded materials.

(J) Yard Waste

Solid waste solely consisting of vegetative matter resulting from landscaping maintenance.

§96.01 GARBAGE AND RECYCLING COLLECTION ROUTES AND SCHEDULES

- (A) Where the Town provides collection of garbage and recycling, residential property owners or their tenants must use Town collection services.
- (B) Single family residential customers will receive once per week curbside collection of garbage, and yard waste (i.e., limbs, grass clippings, plant trimmings), and collection of recyclable materials every other week.
- (C) Multi-family residential customers will receive once per week collection of garbage and the collection of recyclable materials every other week. It is the responsibility of the landlord to collect yard waste (i.e., limbs, grass clippings, plant trimmings).
 - (1) Multi-family developments will receive an equivalent level of solid waste collection service per unit for volume collected as compared to a single-family unit.
 - (2) Multi-family developments or complexes which cannot readily or practically be served with standard solid waste and recycling carts may be subject to a solid waste disposal surcharge, based on the actual cost to the Town to serve the subject property with dumpsters.
 - (3) All new multi-family developments with more than eight units must have dumpster facilities. The Town and the landlord may enter into an agreement for solid waste disposal facilities and services, or the landlord may enter into an agreement with a private solid waste contractor providing equivalent service.
- (D) Non-residential customers are required to contract with a private solid waste contractor for garbage collection.
- (E) To ensure an equitable and timely delivery of solid waste services residential areas shall be divided into collection routes. Each route shall receive garbage and yard waste collection service once per week and recyclable collection every other week. The day of service may change as routes increase or decrease in size, but not without written notice. Affected customers shall be notified in advance of changes to their service collection schedule.
- (F) Normal service may be delayed due to extreme weather conditions, holidays, equipment breakdowns, or due to other unusual circumstances. In the case of holidays, general notice

shall be provided in advance of any schedule change.

(Ord. passed 8-17-87; Am. Ord. passed 10-7-91; Am. Ord. passed 8-16-93; Am. Ord. 4-15-96) Penalty, see § 10.99

§ 96.02 GARBAGE & RECYCLING CARTS USE, CARE AND STORAGE

- (A) The Town shall provide suitable carts for garbage and recyclables to each single family residential customer. The sole purpose of these carts is for garbage and recycling collection. Yard waste, hazardous materials, tires and all other materials not classified as municipal solid waste are prohibited from disposal in the Town provided carts.
- (B) Carts provided by the Town shall be kept on the private premises of the customer, property owner, resident, or occupant.
- (C) Every cart provided through this Section shall be maintained in a sanitary condition and shall be cleaned (i.e., washing or otherwise) by the customer, property owner, resident, or occupant. Each residential customer shall be responsible for the care and custody of their assigned carts. It shall be the customer's financial responsibility to replace any cart damaged or destroyed by improper use or neglect. The Town shall replace carts which are damaged or destroyed as a result of age, defect, or other incident beyond the customer's control.
- (D) It is the responsibility of each customer to place carts curbside for collection such that they do not interfere with vehicular traffic on the street or pedestrian traffic on the sidewalk. Any customer found in violation of this requirement may be subject to assessments or fines by the Town.
- (E) Carts should be placed curbside with the front side facing the street and the back (handle) side facing the residence. Multiple carts placed curbside should be spaced such that the collection truck can reach each cart without contacting the adjoining cart.
- (F) A pull-out service may be performed by collection personnel for those customers who are physically unable to move the cart out to the street, either due to age, illness, or other physical disabilities. Customers requiring pull-out service must contact the Town Customer Service Department to request this special service. Each request shall be taken into consideration by the Town to determine the actual need of the customer making the request. This service shall be granted at the Town's discretion.
- (G) Carts shall not be placed curbside before 5:00 p.m. on the day before the scheduled collection day. The cart must then be removed from the curbside no later than 8:00 a.m. on the **weekday next regular business day** following the scheduled collection day. Any customer found to be in violation of this requirement may be subject to assessments or fines by the Town.
- (H) Garbage, recyclables and other household debris shall be limited to that amount which can be placed within the carts provided by the Town, with the lid closed at all times. The Town from time to time, may provide customers seasonal exceptions to this limit. Seasonal exceptions will

be listed on the Town's website.

- (I) Residential customers may request additional garbage carts and/or recycling carts for an additional fee.

(Ord. passed 8-17-87; Am. Ord. passed 10-7-91; Am. Ord. passed 8-16-93; Am. Ord. passed 4-15-96)
Penalty, see § 10.99

§ 96.03 YARD WASTE COLLECTION REQUIREMENTS.

- (A) As a part of the Town's monthly solid waste fee, the Town shall collect yard waste placed curbside in accordance with this ordinance each week.

- (1) Limbs up to four inches in diameter are limited to six feet in length. Limbs greater than four inches in diameter but less than 10 inches in diameter shall be collected only if cut into lengths of two feet or less. Limbs greater than 10 inches in diameter will not be collected. Limbs shall be stacked neatly behind the curb with all sawed ends facing the street.

- (a) Piles of limbs and other yard waste placed curb-side for collection shall be no greater than six feet in depth from the curb to the back of the pile, no greater than three feet high, and no greater than six feet wide.

- (b) Piles of limbs meeting the specified dimensions will be collected under the base collection fee.

- 1. Limbs exceeding the specified dimensions (size) in § 96.03(A)(1) above will not be collected and shall be considered in violation of this Ordinance.

- 2. A volume of limbs greater than the size specified in § 96.03(A)(1)(a) above shall be subject to a special collection fee.

- 3. In the event of force majeure, the Town Council may act to suspend special collection fees associated with limb collection for a specified time period.

- (2) Except as specified in § 96.03(C) below, yard waste (other than limbs but including leaves, grass clippings, pine straw, shrubbery, shrubbery clippings, other small natural waste materials) shall be containerized in clear plastic bags, boxes, or other plastic/metal containers (no greater than 50 gallons each) and shall be placed curbside for collection once per week. Standard yard waste collection service shall be included as part of the monthly solid waste fee.

- (a) Special collection fees shall be assessed for collection of all yard waste exceeding the dimensional standards established by this Ordinance. In the event of force majeure, the Town Council may act to suspend special collection charges for a specified time period.

- (3) Each year the Town shall publish a schedule for the collection of loose leaves on the

Town's website. During loose leaf collection residents are relieved of the responsibility for containerizing leaves and may place leaves in the area generally located between the edge of the street and the sidewalk or ditch (not in the gutter or drainage ditch).

- (a) Leaves shall be free of sticks, limbs, rocks, soil, and other debris. If leaves are mixed with other debris, they will not be collected. Mixed piles of debris and leaves must be separated before collection.
 - (b) Customers who containerize leaves can expect their leaves to be collected on the scheduled yard waste collection day each week.
 - (c) Loose leaf collection shall not follow a set daily schedule except that each residence shall receive one time per week, loose leaf collection during the defined season. The defined season shall be provided on the Town's website.
- (4) It is the responsibility of each customer to place yard waste so that it does not interfere with vehicular traffic on the street or pedestrian traffic on the sidewalk. Any customer found in violation of this requirement may be subject to assessments or fines by the Town.
 - (5) The Town, shall not collect any building construction materials left by a contractor. It shall be the sole responsibility of said contractor to properly dispose of these waste materials.
 - (6) The Town will not collect trees, stumps, limbs, and general debris related to land-clearing operations. It is the sole responsibility of the contractor and/or owner to properly dispose of said materials.
 - (7) The Town will not collect tree cuttings related to the work completed by a tree care professional (i.e., tree surgeon, tree trimmer, and the like) hired by a residential customer, unless the cuttings comply with all requirements set forth in § 96.03(A)(1).

(Ord. passed 8-17-87; Am. Ord. passed 10-7-91; Am. Ord. passed 8-16-93; Am. Ord. passed 4-15-96) Penalty, see § 10.99

§ 96.04 SPECIAL PICK-UPS.

Customers placing waste materials in a volume greater than the dimensions specified for a regular collection or outside the scope of a regular collection including but not limited to appliances (white goods), furniture, building materials or household debris shall be subject to a "special pick-up" process and related charge. Customers may request a special pick-up with the Town, prior to collection, to authorize the collection and the assessment of a special collection fee (as indicated in the Town's fee schedule which is provided on the Town's website). The request must include a description of all materials and quantities to be collected. This special collection fee is applied to the customer's monthly utility bill after pick up of the materials. If the requestor is not a utility customer of the Town, but has residential property in Town, the requestor must also include a mailing address so that the collection fee may be invoiced to the requestor for payment. Any customer found to be in violation of these requirements may be subject to assessments or fines by the Town.

(Ord. passed 4-15-96) Penalty, see § 10.99

§ 96.06 TIRE DISPOSAL.

- (A) The Town shall collect tires, upon request, from residential customers only. There shall be an additional charge for this collection service. Customers wishing to request collection of tires shall contact the Town to schedule the collection (including address/ location and quantity of tires) and to authorize the assessment of a collection fee (as indicated in the Town's fee schedule which is provided on the Town's website) for this additional service. This fee shall then be applied to the customer's monthly utility bill after pick of the materials.
- (B) All tires must be clean and free of dirt and other foreign matter prior to collection.
- (C) A maximum of four tires may be collected per customer per week.
- (D) Placement of tires in carts provided by the Town is prohibited. Carts found to have tires inside will not be emptied until the tires are removed by the customer and disposed of properly in accordance with this Chapter.

(Ord. passed 2-5-90; Am. Ord. passed 10-7-91; Am. Ord. passed 8-16-93; Am. Ord. passed 4-15-96)

§ 96.07 NONCONFORMING MATERIALS.

- (A) Any materials that do not conform to the requirements set forth in § 96.03 shall not be allowed to remain along the streets of the Town. Nonconforming materials are considered a nuisance violation, and fines will be assessed to the property owner in accordance with the provisions set forth in Chapter 97 of the Code of Ordinances.
- (B) The Town shall have the authority to abate the nuisance by removing the nonconforming materials. The property owner will be billed for the costs of removal incurred by the Town.
- (C) Prior to collection of nonconforming materials, the Town shall provide notice and post it on the premises of the customer, notifying the customer that they are in violation of the Town's ordinance and that the Town will collect the materials pursuant to this Section and assess fines unless said nonconforming materials are removed prior to the expiration date documented on the notice.
- (D) All administrative fees and charges assessed by the Town for the collection of nonconforming materials shall be applied to the customer's monthly utility bill after collection of said materials and shall be in addition to any other charges that would normally be due under any other Sections of this Chapter.

(Ord. passed 7-18-94; Am. Ord. passed 4-15-96)

§ 96.08 STOREFRONTS AND SIDEWALKS.

It shall be the sole responsibility of each property owner, resident, occupant, and business to keep store fronts, streets, and sidewalks clear of debris. Any debris removed from sidewalks and store front areas shall not be placed into the streets, gutters, or drainage ditches. The placement of garbage, yard waste, or other debris in the streets, gutters, drainage ditches, and sidewalks of the Town is prohibited. Anyone found to be in violation of this Section may be subject to enforcement penalties by the Town.

**Town of Clayton
Amendment to Chapter 96
Solid Waste Ordinance**

§96.00 DEFINITIONS

(A) Building Materials

Materials used in the construction of buildings or other structures.

(B) Cart

A movable plastic container issued by the Town which is to be used for the collection and disposal of solid waste.

(C) Debris

Accumulation of fallen leaves, limbs, or straw; uncontrolled growth of vines or brush; cuttings of weeds, bushes and trees; garbage; trash; junk; scattered remains of anything broken or destroyed; household furniture and appliances; by-products of any business or materials used in any business; any household waste; any other thing or material which may provide a hiding or breeding place for snakes or rats; or any other condition which may be a fire hazard, breeding place for mosquitoes, or which gives off obnoxious or offensive odors.

(D) Dumpster

A large volume solid waste container that has a hooking mechanism which allows it to be raised and dumped into a sanitation truck.

(E) Force Majeure

An extraordinary circumstance such as a calamitous natural event, that prevents regular delivery of services or requires special measures in the interest of public health and welfare.

(F) Garbage

Waste materials, excluding Yard Waste, that are generated by daily living including food scraps, non-recyclable packaging and other materials not otherwise suitable for recycling.

(G) Landlord

Any person, agent, firm, corporation, or partnership that has charge, care or control of any premises or property.

(H) Recyclable Material

Waste materials including but not limited to metals, glass, plastic and paper which are disposed of but intended for reuse.

(I) Solid Waste

Any garbage, debris or other discarded materials.

(J) Yard Waste

Solid waste solely consisting of vegetative matter resulting from landscaping maintenance.

§96.01 GARBAGE AND RECYCLING COLLECTION ROUTES AND SCHEDULES

- (A) Where the Town provides collection of garbage and recycling, residential property owners or their tenants must use Town collection services.
- (B) Single family residential customers will receive once per week curbside collection of garbage, and yard waste (i.e., limbs, grass clippings, plant trimmings), and collection of recyclable materials every other week.
- (C) Multi-family residential customers will receive once per week collection of garbage and the collection of recyclable materials every other week. It is the responsibility of the landlord to collect yard waste (i.e., limbs, grass clippings, plant trimmings).
 - (1) Multi-family developments will receive an equivalent level of solid waste collection service per unit for volume collected as compared to a single-family unit.
 - (2) Multi-family developments or complexes which cannot readily or practically be served with standard solid waste and recycling carts may be subject to a solid waste disposal surcharge, based on the actual cost to the Town to serve the subject property with dumpsters.
 - (3) All new multi-family developments with more than eight units must have dumpster facilities. The Town and the landlord may enter into an agreement for solid waste disposal facilities and services, or the landlord may enter into an agreement with a private solid waste contractor providing equivalent service.
- (D) Non-residential customers are required to contract with a private solid waste contractor for garbage collection.
- (E) To ensure an equitable and timely delivery of solid waste services residential areas shall be divided into collection routes. Each route shall receive garbage and yard waste collection service once per week and recyclable collection every other week. The day of service may change as routes increase or decrease in size, but not without written notice. Affected customers shall be notified in advance of changes to their service collection schedule.

- (F) Normal service may be delayed due to extreme weather conditions, holidays, equipment breakdowns, or due to other unusual circumstances. In the case of holidays, general notice shall be provided in advance of any schedule change.

(Ord. passed 8-17-87; Am. Ord. passed 10-7-91; Am. Ord. passed 8-16-93; Am. Ord. 4-15-96) Penalty, see § 10.99

§ 96.02 GARBAGE & RECYCLING CARTS USE, CARE AND STORAGE

- (A) The Town shall provide suitable carts for garbage and recyclables to each single family residential customer. The sole purpose of these carts is for garbage and recycling collection. Yard waste, hazardous materials, tires and all other materials not classified as municipal solid waste are prohibited from disposal in the Town provided carts.
- (B) Carts provided by the Town shall be kept on the private premises of the customer, property owner, resident, or occupant.
- (C) Every cart provided through this Section shall be maintained in a sanitary condition and shall be cleaned (i.e., washing or otherwise) by the customer, property owner, resident, or occupant. Each residential customer shall be responsible for the care and custody of their assigned carts. It shall be the customer's financial responsibility to replace any cart damaged or destroyed by improper use or neglect. The Town shall replace carts which are damaged or destroyed as a result of age, defect, or other incident beyond the customer's control.
- (D) It is the responsibility of each customer to place carts curbside for collection such that they do not interfere with vehicular traffic on the street or pedestrian traffic on the sidewalk . Any customer found in violation of this requirement may be subject to assessments or fines by the Town.
- (E) Carts should be placed curbside with the front side facing the street and the back (handle) side facing the residence. Multiple carts placed curbside should be spaced such that the collection truck can reach each cart without contacting the adjoining cart.
- (F) A pull-out service may be performed by collection personnel for those customers who are physically unable to move the cart out to the street, either due to age, illness, or other physical disabilities. Customers requiring pull-out service must contact the Town Customer Service Department to request this special service. Each request shall be taken into consideration by the Town to determine the actual need of the customer making the request. This service shall be granted at the Town's discretion.
- (G) Carts shall not be placed curbside before 5:00 p.m. on the day before the scheduled collection day. The cart must then be removed from the curbside no later than 8:00 a.m. on the next regular business day following the scheduled collection day. Any customer found to be in violation of this requirement may be subject to assessments or fines by the Town.
- (H) Garbage, recyclables and other household debris shall be limited to that amount which can be

placed within the carts provided by the Town, with the lid closed at all times. The Town from time to time, may provide customers seasonal exceptions to this limit. Seasonal exceptions will be listed on the Town's website.

- (I) Residential customers may request additional garbage carts and/or recycling carts for an additional fee.

(Ord. passed 8-17-87; Am. Ord. passed 10-7-91; Am. Ord. passed 8-16-93; Am. Ord. passed 4-15-96)
Penalty, see § 10.99

§ 96.03 YARD WASTE COLLECTION REQUIREMENTS.

- (A) As a part of the Town's monthly solid waste fee, the Town shall collect yard waste placed curbside in accordance with this ordinance each week.

- (1) Limbs up to four inches in diameter are limited to six feet in length. Limbs greater than four inches in diameter but less than 10 inches in diameter shall be collected only if cut into lengths of two feet or less. Limbs greater than 10 inches in diameter will not be collected. Limbs shall be stacked neatly behind the curb with all sawed ends facing the street.

- (a) Piles of limbs and other yard waste placed curb-side for collection shall be no greater than six feet in depth from the curb to the back of the pile, no greater than three feet high, and no greater than six feet wide.

- (b) Piles of limbs meeting the specified dimensions will be collected under the base collection fee.

- 1. Limbs exceeding the specified dimensions (size) in § 96.03(A)(1) above will not be collected and shall be considered in violation of this Ordinance.

- 2. A volume of limbs greater than the size specified in § 96.03(A)(1)(a) above shall be subject to a special collection fee.

- 3. In the event of force majeure, the Town Council may act to suspend special collection fees associated with limb collection for a specified time period.

- (2) Except as specified in § 96.03(C) below, yard waste (other than limbs but including leaves, grass clippings, pine straw, shrubbery, shrubbery clippings, other small natural waste materials) shall be containerized in clear plastic bags, boxes, or other plastic/metal containers (no greater than 50 gallons each) and shall be placed curbside for collection once per week. Standard yard waste collection service shall be included as part of the monthly solid waste fee.

- (a) Special collection fees shall be assessed for collection of all yard waste exceeding the dimensional standards established by this Ordinance. In the event of force majeure, the Town Council may act to suspend special collection charges for a specified time period.

- (3) Each year the Town shall publish a schedule for the collection of loose leaves on the Town's website. During loose leaf collection residents are relieved of the responsibility for containerizing leaves and may place leaves in the area generally located between the edge of the street and the sidewalk or ditch (not in the gutter or drainage ditch).
 - (a) Leaves shall be free of sticks, limbs, rocks, soil, and other debris. If leaves are mixed with other debris, they will not be collected. Mixed piles of debris and leaves must be separated before collection.
 - (b) Customers who containerize leaves can expect their leaves to be collected on the scheduled yard waste collection day each week.
 - (c) Loose leaf collection shall not follow a set daily schedule except that each residence shall receive one time per week, loose leaf collection during the defined season. The defined season shall be provided on the Town's website.
- (4) It is the responsibility of each customer to place yard waste so that it does not interfere with vehicular traffic on the street or pedestrian traffic on the sidewalk. Any customer found in violation of this requirement may be subject to assessments or fines by the Town.
- (5) The Town, shall not collect any building construction materials left by a contractor. It shall be the sole responsibility of said contractor to properly dispose of these waste materials.
- (6) The Town will not collect trees, stumps, limbs, and general debris related to land-clearing operations. It is the sole responsibility of the contractor and/or owner to properly dispose of said materials.
- (7) The Town will not collect tree cuttings related to the work completed by a tree care professional (i.e., tree surgeon, tree trimmer, and the like) hired by a residential customer, unless the cuttings comply with all requirements set forth in § 96.03(A)(1).

(Ord. passed 8-17-87; Am. Ord. passed 10-7-91; Am. Ord. passed 8-16-93; Am. Ord. passed 4-15-96) Penalty, see § 10.99

§ 96.04 SPECIAL PICK-UPS.

Customers placing waste materials in a volume greater than the dimensions specified for a regular collection or outside the scope of a regular collection including but not limited to appliances (white goods), furniture, building materials or household debris shall be subject to a "special pick-up" process and related charge. Customers may request a special pick-up with the Town, prior to collection, to authorize the collection and the assessment of a special collection fee (as indicated in the Town's fee schedule which is provided on the Town's website). The request must include a description of all materials and quantities to be collected. This special collection fee is applied to the customer's monthly utility bill after pick up of the materials. If the requestor is not a utility customer of the Town, but has residential property in Town, the requestor must also include a mailing address so that the collection fee may be invoiced to the requestor for payment.

Any customer found to be in violation of these requirements may be subject to assessments or fines by the Town.

(Ord. passed 4-15-96) Penalty, see § 10.99

§ 96.06 TIRE DISPOSAL.

- (A) The Town shall collect tires, upon request, from residential customers only. There shall be an additional charge for this collection service. Customers wishing to request collection of tires shall contact the Town to schedule the collection (including address/ location and quantity of tires) and to authorize the assessment of a collection fee (as indicated in the Town's fee schedule which is provided on the Town's website) for this additional service. This fee shall then be applied to the customer's monthly utility bill after pick of the materials.
- (B) All tires must be clean and free of dirt and other foreign matter prior to collection.
- (C) A maximum of four tires may be collected per customer per week.
- (D) Placement of tires in carts provided by the Town is prohibited. Carts found to have tires inside will not be emptied until the tires are removed by the customer and disposed of properly in accordance with this Chapter.

(Ord. passed 2-5-90; Am. Ord. passed 10-7-91; Am. Ord. passed 8-16-93; Am. Ord. passed 4-15-96)

§ 96.07 NONCONFORMING MATERIALS.

- (A) Any materials that do not conform to the requirements set forth in § 96.03 shall not be allowed to remain along the streets of the Town. Nonconforming materials are considered a nuisance violation, and fines will be assessed to the property owner in accordance with the provisions set forth in Chapter 97 of the Code of Ordinances.
- (B) The Town shall have the authority to abate the nuisance by removing the nonconforming materials. The property owner will be billed for the costs of removal incurred by the Town.
- (C) Prior to collection of nonconforming materials, the Town shall provide notice and post it on the premises of the customer, notifying the customer that they are in violation of the Town's ordinance and that the Town will collect the materials pursuant to this Section and assess fines unless said nonconforming materials are removed prior to the expiration date documented on the notice.
- (D) All administrative fees and charges assessed by the Town for the collection of nonconforming materials shall be applied to the customer's monthly utility bill after collection of said materials and shall be in addition to any other charges that would normally be due under any other

Sections of this Chapter.

STAFF REPORT

Application Number: Related to Major Site Plan request #SP 2014-101
Project Name: East Village Office Building Special Intensity Allocation Request
NC PIN / Tag #: 166807-68-2584 / 05H03008L
Town Limits/ETJ: Both Town Limits and ETJ (annexation required)
Overlay: Watershed Protection Overlay
Applicant: Bass Nixon, and Kennedy Inc., c/o Marty Bizzell, PE
Owners: East Village Investments LLC

PROJECT LOCATION: The 1.18 acre site is located at the northeast corner of the intersection of the Front Street Extension and Old NC 42 Hwy E.

REQUEST: The applicant is requesting a Special Intensity Allocation to allow greater than 24% impervious in the Watershed Protection Overlay, for a property associated with major site plan # SP 2014-101.

SITE DATA:

Acreage: 1.18 acres
Present Zoning: R-10
Proposed Zoning: O&I (See RZ 2014-100)
Existing Use: Vacant; residential home sits on the property
Overlay: Watershed Protection Overlay

DEVELOPMENT DATA:

Proposed Uses: General Office
Buildings: One building, 7,000 square feet
Number of Stories: One story (max height of 24.5 feet at roof peak)
Building Coverage: 17% of site
Impervious Surface: 20,387 square feet (51%) **The Watershed Protection Overlay allows a maximum of 24% impervious. The majority of the site is located within this overlay. Any amount above 24% requires a Special Intensity Allocation by Town Council. Alternatively, the

property owner may install and maintain storm water quality mitigation structures (see §155.501(E)).

STAFF ANALYSIS AND COMMENTARY:

This request is related to Case # SP 2014-101, a major site plan approval request to allow a 7,000 square foot office building with “General Office” uses as defined in the Unified Development Code (UDC), and associated parking. This site plan was approved by the Planning Board on October 27, 2014, subject to the approval of a Special Intensity Allocation by the Town Council.

Non-residential properties within the Watershed Protection Overlay are limited to 24% impervious. In this case, 51% impervious was requested (calculation utilizes entire property). In order to accommodate this request, a Special Intensity Allocation is required (or the developer may utilize special stormwater mitigation devices as noted in UDC §155.501). Special Intensity Allocations are only granted via approval by the Town Council.

Per §155.501(E)(4):

“new development and expansions to existing developments may be approved on a project-by-project basis with impervious surfaces not exceeding 70% of the new project area within 10% of the total regulated watershed protection area, when approved by the Council as a special intensity allocation (SIA).”

Staff believes the intensity allocation allowing up to 70% impervious (51% is requested in this case) is appropriate at this location because it is at a new gateway into Downtown with the recent completion of the East Front Street extension, and because it would allow development patterns consistent with adjacent development.

The site is adjacent to but is not part of the East Village Planned Development.

The site is 1.18 acres, and is split by the East Front Street right-of-way, which has left a small portion of the site on the southwest side of this roadway. Development is proposed on the larger of the two segments.

This site is under concurrent review for a rezoning request from Residential-10 (R-10) to Office-Institutional (O-I) to allow office uses at this site (RZ 2014-100).

As noted, the site plan was approved by the Planning Board on October 27, 2014, subject to the following conditions:

1. The development of the site is limited to the site design and uses approved by the Planning Board. Modifications to the approved site plan shall require review and approval in accordance with Section 155.707 of the Unified Development Code.
2. Following Board approvals, three copies of the Final Site Plan, Landscape Plan and Architectural Elevations meeting the requirements of the Conditions of Approval shall be submitted to Planning Department for final approval.
3. All roof mounted and ground mechanic equipment must be completely screened from view.

4. Site Plan approval is subject to approval of rezoning request RZ 2014-100.
5. An annexation application shall be submitted to the Town of Clayton for the portion of the site outside of Town limits prior to the issuance of a building permit.
- 6. *Site Plan approval is subject to approval of a Special Intensity Allocation by the Town Council to allow greater than 24% impervious on a commercial site within the Watershed Protection Overlay.***
7. A Zoning Compliance Permit shall be required prior to issuance of any building permits.
8. Utility fees shall be paid to the Town prior to issuance of any building permits.
9. Utility construction plans shall be approved by the Public Works Department prior to issuance of building permits.
10. All signage shall require a sign permit from the Planning Department and shall meet standards of the Unified Development Code.
11. A site/landscape inspection by the Planning Department shall be required prior to issuance of a certificate of occupancy. All site improvements shall be installed prior to the site inspection.

CONSIDERATIONS

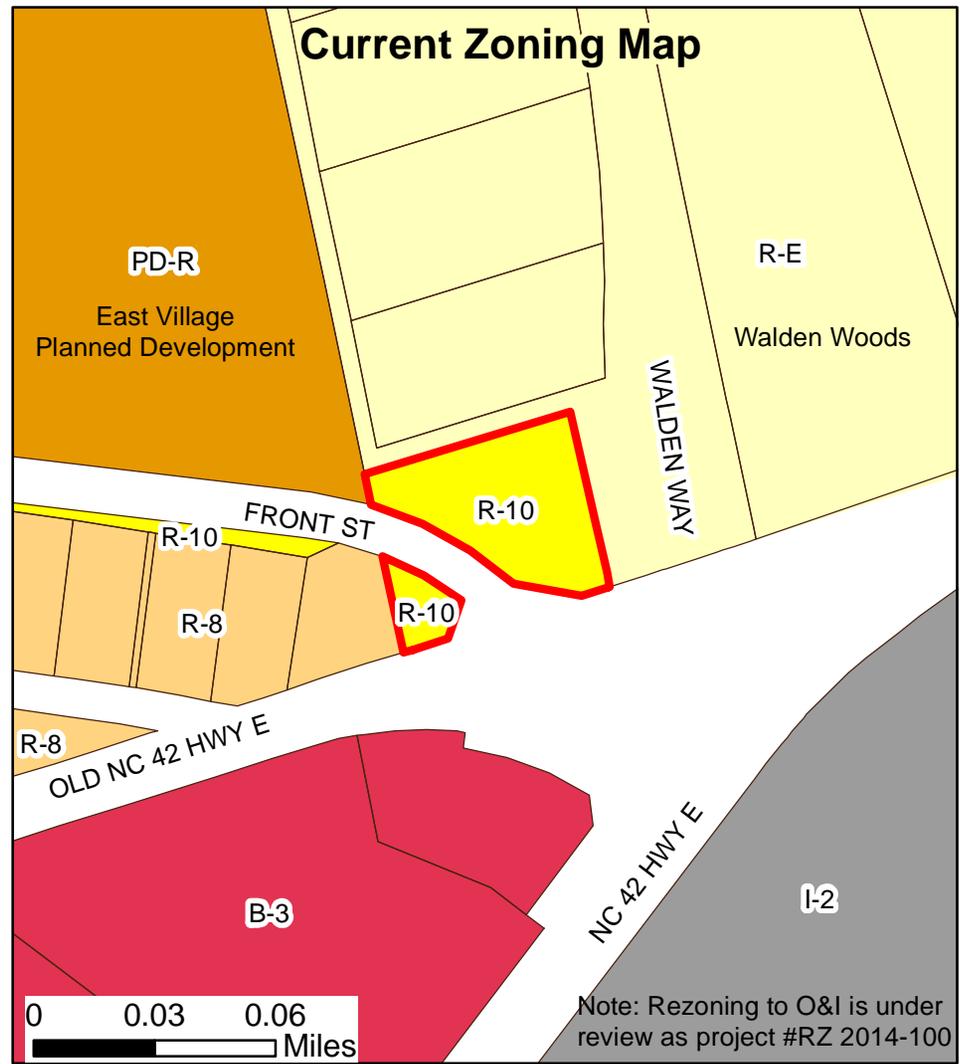

- The Site Plan was approved by the Planning Board, subject to approval of a Special Intensity Allocation by Town Council to allow greater than 24% impervious on a commercial site within the Watershed Protection Overlay.
- The Town Council grants Special Intensity Allocations

- THE LOCATION AND SIZE OF EXISTING UTILITIES AS SHOWN IS APPROXIMATE ONLY. THE CONTRACTOR IS RESPONSIBLE FOR HORIZONTALLY AND VERTICALLY LOCATING AND PROTECTING ALL PUBLIC OR PRIVATE UTILITIES WHICH LIE IN OR ADJACENT TO THE CONSTRUCTION SITE. AT LEAST 48 HOURS PRIOR TO ANY DEMOLITION, GRADING, OR CONSTRUCTION ACTIVITY, THE CONTRACTOR SHALL NOTIFY THE NORTH CAROLINA ONE-CALL UTILITIES LOCATION SERVICE (ULOCO) AT 1-800-432-4648 FOR PROPER IDENTIFICATION OF EXISTING UTILITIES WITHIN THE SITE.
- THE CONTRACTOR SHALL SALVAGE AND PROTECT ALL EXISTING POWER POLES, SIGNS, MANHOLES, TELEPHONE RISERS, WATER VALVES, ETC. DURING ALL CONSTRUCTION PHASES. THE CONTRACTOR SHALL REPAIR, AT HIS OWN EXPENSE, ANY EXISTING UTILITIES DAMAGED DURING CONSTRUCTION.
- TRAFFIC CONTROL ON PUBLIC STREETS SHALL BE IN CONFORMANCE WITH THE TRAFFIC CONTROL PLAN, THE MANUAL OF UNIFORM TRAFFIC CONTROL DEVICES, AND AS FURTHER DIRECTED BY CITY AND STATE INSPECTORS.
- ANY DISCREPANCIES FOUND BETWEEN THE DRAWINGS AND SPECIFICATIONS AND SITE CONDITIONS OR ANY INCONSISTENCIES OR AMBIGUITIES IN DRAWINGS OR SPECIFICATIONS SHALL BE IMMEDIATELY REPORTED TO THE ENGINEER, IN WRITING, WHO SHALL PROMPTLY ADDRESS SUCH INCONSISTENCIES OR AMBIGUITIES. WORK DONE BY THE CONTRACTOR AFTER HIS DISCOVERY OF SUCH DISCREPANCIES, INCONSISTENCIES, OR AMBIGUITIES SHALL BE DONE AT THE CONTRACTOR'S RISK.
- A PRE-CONSTRUCTION CONFERENCE SHALL BE HELD PRIOR TO THE START OF CONSTRUCTION. THE CONTRACTOR SHALL ARRANGE THE MEETING WITH THE CITY ENGINEERING DIVISION.
- CONTRACTOR IS RESPONSIBLE FOR VERIFYING ALL REQUIRED PERMITS AND APPROVALS PRIOR TO COMMENCING CONSTRUCTION.
- ALL AREAS SHALL BE GRADED FOR POSITIVE DRAINAGE AND AS SHOWN ON THESE PLANS. THE CONTRACTOR SHALL MAINTAIN ADEQUATE SITE DRAINAGE DURING ALL PHASES OF CONSTRUCTION. THE CONTRACTOR SHALL USE SILT FENCES (OR OTHER METHODS APPROVED BY THE ENGINEER AND APPLICABLE MUNICIPALITY) AS REQUIRED TO PREVENT SILT AND CONSTRUCTION DEBRIS FROM FLOWING ONTO ADJACENT PROPERTIES. CONTRACTOR SHALL COMPLY WITH ALL APPLICABLE FEDERAL, STATE, OR LOCAL EROSION, CONSERVATION, AND SILTATION ORDINANCES. CONTRACTOR SHALL REMOVE ALL TEMPORARY EROSION CONTROL DEVICES UPON COMPLETION OF PERMANENT DRAINAGE FACILITIES AND THE ESTABLISHMENT OF A STAND OF GRASS OR OTHER GROWTH TO PREVENT EROSION.
- THE CONTRACTOR SHALL CLEAR AND GRUB THE SITE AND PLACE, COMPACT, AND MOISTURE CONDITION ALL FILL PER THE PROJECT GEOTECHNICAL ENGINEER'S SPECIFICATIONS. THE FILL MATERIAL TO BE USED SHALL BE APPROVED BY THE GEOTECHNICAL ENGINEER PRIOR TO PLACEMENT.
- MATERIALS USED TO CONSTRUCT EMBANKMENTS FOR ANY PURPOSE, BACKFILL AROUND DRAINAGE STRUCTURES, OR IN UTILITY TRENCHES FOR ANY OTHER DEPRESSION REQUIRING FILL OR BACKFILL SHALL BE COMPACTED TO 95% OF MAXIMUM DENSITY AS DETERMINED BY THE STANDARD PROCTOR TEST AS SET OUT IN ASTM STANDARD D998. STONE BACKFILL SHALL BE COMPACTED TO 95% MAXIMUM DENSITY AS DETERMINED BY THE MODIFIED PROCTOR TEST AS SET OUT IN ASTM STANDARD D1557. THE CONTRACTOR SHALL, PRIOR TO ANY OPERATIONS INVOLVING FILLING OR BACKFILLING, SUBMIT THE RESULTS OF THE PROCTOR TEST TOGETHER WITH A CERTIFICATION THAT THE SOIL TESTED IS REPRESENTATIVE OF THE MATERIALS TO BE USED ON THE PROJECT. TESTS SHALL BE CONDUCTED BY A CERTIFIED MATERIALS TESTING LABORATORY AND THE CERTIFICATIONS MADE BY A LICENSED PROFESSIONAL ENGINEER REPRESENTING THE LABORATORY.
- PROPOSED CONTOURS AND GUTTER GRADIENTS ARE APPROXIMATE. PROPOSED SPOT ELEVATIONS AND ROADWAY PROFILES/SUPERELEVATIONS ARE TO BE USED IN CASE OF DISCREPANCY.
- THE CONTRACTOR SHALL REVIEW, VERIFY AND COORDINATE ALL DIMENSIONS SHOWN ON PLANS, INCLUDING THE HORIZONTAL AND VERTICAL LOCATION OF CURB INLETS AND GRATE INLETS AND ALL UTILITIES CROSSING THE STORM SEWER PRIOR TO STARTING PROJECT.
- ALL CURB JOINTS SHALL EXTEND THROUGH THE CURB. MINIMUM LENGTH OF OFFSET JOINTS AT RADIUS POINTS IS 1.5 FEET. ALL JOINTS SHALL BE SEALED WITH JOINT SEALANT.
- ALL HANDICAP RAMPING, STRIPING, AND PAVEMENT MARKINGS SHALL CONFORM TO ADA REQUIREMENTS AND THE NORTH CAROLINA STATE BUILDING CODE, VOL. 1-C ACCESSIBILITY CODE.
- OWNER SHALL PROVIDE FENCING AND OTHER SAFETY MEASURES NECESSARY IN AND AROUND ANY PROPOSED STORMWATER MANAGEMENT MEASURES (PONDS, WETLANDS, ETC.) OBTAINING PERMITS SHALL BE THE RESPONSIBILITY OF THE OWNER.
- RETAINING WALLS EXCEEDING 30 INCHES IN HEIGHT SHALL INCLUDE FALL PROTECTION IN THE FORM OF A HANDRAIL OR FENCING ON THE HIGH SIDE OF THE RETAINING WALL.
- PROPER COMPACTION OF ALL FILL SOILS PLACED ON SITE SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR. COMPACTION SHALL BE ADEQUATE TO SUPPORT THE PROPOSED USE OF AREAS IN WHICH FILL SOILS ARE PLACED. THE CONTRACTOR SHALL HIRE A GEOTECHNICAL ENGINEER TO TEST AND VERIFY THAT COMPACTION IS ADEQUATE FOR THE PROPOSED USE OF IN THE AREA OF FILL PLACEMENT.
- ALL ASPECTS OF THIS PROJECT SHALL BE IN FULL COMPLIANCE WITH CURRENT ADA STANDARDS. IF THE CONTRACTOR NOTES ANY ASPECTS OF THE PROJECT WHICH ARE NOT IN COMPLIANCE, THE ENGINEER SHALL BE NOTIFIED PRIOR TO ANY FURTHER WORK BEING PERFORMED. ANY WORK PERFORMED AFTER THE CONTRACTOR NOTES SUCH A NON COMPLIANCE IS SUBJECT TO REMOVAL AND REPAIR AT THE CONTRACTOR'S EXPENSE.
- THE CONTRACTOR OR OWNER SHALL EMPLOY A GEOTECHNICAL ENGINEER TO TEST ALL EMBANKMENTS AND FILL PLACEMENT FOR PROPER COMPACTION. PROPER COMPACTION SHALL BE PER THE GEOTECHNICAL ENGINEER'S RECOMMENDATIONS OR THESE PLANS, WHICHEVER IS MORE STRINGENT. EMBANKMENTS FOR PONDS SHALL BE PLACED IN 6 INCH LOOSE LAYERS AND SHALL BE COMPACTED TO A DENSITY OF NO LESS THAN 95% OF THE STANDARD PROCTOR MAXIMUM DENSITY AT A MOISTURE CONTENT OF + OR - TWO PERCENTAGE POINTS OF THE OPTIMUM MOISTURE CONTENT IN ACCORDANCE WITH ASTM D998. THE CONTRACTOR SHALL TAKE PHOTOGRAPHS OF THE OUTLET STRUCTURE AT ALL AT ALL PHASES OF INSTALLATION AND SHALL RETAIN WITH GEOTECHNICAL TESTING DATA. THE CONTRACTOR SHALL ALSO RETAIN ALL SHIPPING RECORDS AND SPECIFICATIONS FOR THE OUTLET STRUCTURE MATERIALS AND STRUCTURES. ALL OF THE ABOVE DATA MAY BE REQUIRED AS PART OF THE MUNICIPALITY AS-BUILT PROCESS AND SHALL BE MADE AVAILABLE TO THE ENGINEER UPON REQUEST. THE CONTRACTOR AND OWNER SHALL HAVE DOCUMENTATION OF THESE TESTS AVAILABLE UPON REQUEST.
- RETAINING WALLS SHOWN HEREIN SHALL BE DESIGNED BY A QUALIFIED PROFESSIONAL ENGINEER WITH EXPERIENCE DESIGNING RETAINING WALLS. AT LEAST 14 DAYS PRIOR TO BEGINNING CONSTRUCTION OF RETAINING WALLS, THE CONTRACTOR SHALL CONTACT THE OWNER'S GEOTECHNICAL ENGINEER TO SCHEDULE AND COORDINATE ALL APPROPRIATE INSPECTIONS, TESTING, AND VERIFICATION NECESSARY DURING RETAINING WALL CONSTRUCTION. THE GEOTECHNICAL ENGINEER SHALL PROVIDE CONTINUOUS INSPECTION, TESTING AND VERIFICATION FOR THE DURATION OF RETAINING WALL CONSTRUCTION. PROPER SCHEDULING, EXECUTION, AND RECORD KEEPING FOR ALL REQUIRED INSPECTIONS, TESTING, AND VERIFICATION SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR. SUCH RECORDS SHALL BE RETAINED AND SHALL BE PROVIDED TO THE OWNER AND BASS, NIXON & KENNEDY, INC. ALL MONITORING, TESTING, AND VERIFICATION SHALL CONFORM TO THE MOST RECENT VERSION OF THE NC BUILDING CODE CHAPTER 18, SECTION 1806 OR THE WALL DESIGN ENGINEER'S SPECIFICATIONS, WHICHEVER IS MORE STRINGENT.

GENERAL NOTES

- A/C UNITS, TRANSFORMERS AND OTHER MECHANICAL OR UTILITY EQUIPMENT, NOT SHOWN ON THE PLAN, SHALL BE SCREENED FROM VIEW EITHER BY ADJUSTING PLANTINGS SHOWN IN CLOSE PROXIMITY TO EQUIPMENT OR BY THE ADDITION OF WAX MYRTLES @ 24" HT, 5" OC (SEE GENERAL NOTES FOR EQUIPMENT ACCESSIBILITY AND PLANTING PROXIMITY, ETC.). DUMPSTER IS SCREENED FROM OFF-SITE VIEWS.
- CONTRACTOR SHALL VERIFY LOCATION OF ALL UTILITIES PRIOR TO PLANTING.
- MULCH SHALL BE 3" DEEP PINE STRAW UNLESS OTHERWISE NOTED.
- VERIFICATION OF TOTAL QUANTITIES AS SHOWN IN THE PLANT LIST AND ON THE PLAN SHALL BE THE RESPONSIBILITY OF THE LANDSCAPE CONTRACTOR. ANY DISCREPANCIES BETWEEN PLANT LIST AND PLANTING PLAN SHALL BE BROUGHT TO THE ATTENTION OF THE LANDSCAPE ARCHITECT FOR CLARIFICATION.
- ALL TREES, SHRUBS, GROUNDCOVER, ETC. SHALL CONFORM TO ACCEPTED STANDARDS ESTABLISHED BY THE AMERICAN ASSOCIATION OF NURSERYMEN.
- ALL ROOTBALLS REMOVED FROM CONTAINERS SHALL BE SCARIFIED PRIOR TO PLANTING.
- B&B AS LISTED UNDER "ROOT" IN THE PLANT LIST INDICATES BALLED & BURLAPPED.
- ALL PLANTS/PLANTINGS SHALL BE MULCHED IMMEDIATELY AFTER PLANTING AND WATERED.
- ALL PLANTS SHALL BEAR THE SAME RELATIONSHIP TO FINISHED GRADE AS THEY BORE TO PREVIOUS EXISTING GRADE (UNLESS OTHERWISE NOTED).
- ALL TREES AND SHRUBS SHALL REQUIRE MULCH RINGS AT THEIR BASE IF LEFT WITHIN LAWN AREAS.
- MULCH EDGES AND PROPOSED PLANTINGS SHALL NOT DISTURB ANY EXISTING GROUPS OF TREES TO REMAIN. EDGES ARE SHOWN FOR APPROXIMATION ONLY, BUT ARE TO INDICATE SMOOTH, CLEAN CURVES.
- CULVERTS, RIP-RAP STRUCTURES, AND OTHER STORMWATER DEVICES SHALL BE SCREENED WITH EVERGREEN SHRUBS. IF STRUCTURES ARE NOT SHOWN ON THE PLAN, INSTALL WAX MYRTLES @ 24" HT. - 5" OC.
- A 2' BUMPER OVERHANG, FROM THE BACK OF CURB, SHALL BE ALLOTTED FOR MATURE SHRUBS.
- TREE PROTECTION FENCING SHALL BE MAINTAINED UNTIL ALL SITE WORK IS COMPLETED. THE FENCING SHALL BE REMOVED PRIOR TO THE FINAL SITE INSPECTION FOR THE CERTIFICATE OF OCCUPANCY (C.O.). THE SITE SHALL BE STABILIZED AND SEEDED PRIOR TO THE ISSUANCE OF A (C.O.).
- ALL TREES SHALL BE LOCATED A MINIMUM OF 6' FROM SIDEWALKS.
- ALL LANDSCAPED AREAS SHALL BE MAINTAINED IN AN ATTRACTIVE AND HEALTHY CONDITION. DEAD OR DISEASED PLANTINGS SHALL BE REMOVED AND REPLACED IN A TIMELY FASHION.
